WHY Crescent ?

Crescent hand tools have been an essential part of professional toolboxes for over a century. Why? Because at Crescent, we make products for people who depend on their tools to make a living. People who need tools that will stand up to the tough conditions found on every jobsite. People who recognise tools that deliver meaningful performance. Like a tape measure with an industry-leading 5 metres of reach. Or made in USA snips with ten times the cut life of anything else on the market. That's quality to get the job done right and superior performance to save time. Crescent offers thousands of tools, each one made to consistently deliver dependable, high quality results.

1907

Karl Peterson founds the Crescent Tool Company and introduces his revolutionary Crescent® Adjustable Wrench the following year. The unique tool is an instant success and, along with the Ford Model T, soon dominates the market.

1927

Newspapers around the world carry a report that a young aviator named Charles Lindbergh has made the first solo transatlantic flight with a scant cargo of "gasoline, sandwiches, a bottle of water, and a Crescent® wrench and pliers."

1930

At the request of the U.S. Army Air Corps, Crescent® develops Crestoloy steel alloy to make its adjustable wrenches lighter and stronger. By 1938, Crescent® is manufacturing thousands of Crestoloy tools for the Air Corps. When the country enters World War II, the plant operates around-the-clock with all output going to the war effort.

1965

The media reports that Crescent® tools are aboard the first manned Gemini space flight.

Trusted by the Trades.

1997

The Crescent® adjustable wrench receives its first major redesign in over 50 years, with a wider, more comfortable handle and increased jaw opening capacity over the entire line.

2018

To more easily identify the Crescent® brand and tools, the range expands to include five iconic brands: Wiss® shears and snips, Lufkin® measuring products, Nicholson® files and saws, HK Porter® heavy-duty cutting tools. Together, Crescent® Tools is formed and provides professional tradesperson thousands of jobsite solutions all under one unified brand.

2019

Crescent Wiss® introduces its Next Generation Aviation Snips. The new snips last 60% longer and require 20% less force to cut on average compared to the same snips from just five years earlier.

2020

Shockforce: Making a tape measure for the trades. Pro tool users are tough to please. So when we said new Shockforce tapes were the toughest tapes to ever hit a jobsite, we met some skepticism. But after using the tapes with the ability to survive a 30 metre drop, skeptics turned into supporters. Shockforce and Shockforce Nite Eye, with its high visibility green-on-matte black blade, have become new standards in tape measures for trade professionals.

Innovation in the past and for the future.

From our beginnings with the original Crescent adjustable wrench and continuing through today, we are always looking for ways to make our tools better and create new ways to help tradespeople be more productive...

2022

Z2: Giving new power to pliers.

Crescent Z2 pliers take gripping and cutting to new levels of performance. Z2 Auto Bite™ pliers feature one-handed automatic adjustment, making them perfect for gripping in tight spaces, while the Six Zone head of Z2 Long Nose pliers gives them the ability to cut, grip, and turn better than any long nose we've ever made. Each plier in the Z2 line has features that make it the new best performer in its class.

Chalk Reels: Rethinking a simple concept.

Chalk reel design had remained the same for years before Crescent listened to users and developed new solutions to nagging problems. Our new 30 metres Professional Chalk Reel now offers three innovative features that put it ahead of any other reel on the market: A one-way valve makes refilling quick and clean, a locking hub makes snaps neat and fast, and a nesting end hook prevents tool bag tangles.

2023

SHOCKFORCE G2

Shockforce™ G2 brings new meaning to the term high performance with a full 5 metres of reach and drop tested from 36 metres onto solid concrete. Thicker blade, improved coating technology and first 150mm mylar coating protection means this blade is 3X tougher. Add in a diamond coated 360-degree end hook that delivers 50% more gripping power, a two-sided blade with vertical markings on the back, and class-leading ergonomics and you have a tape that's destined to be the next Gen standard for trade professionals.

Innovative solutions for better products. That's Crescent.

The Crescent Brand

BRAND PURPOSE

Crescent Tools exist to inspire superior confidence to the tradesperson

BRAND PROMISE

We guarantee every Crescent Tools solution will possess:

ENDURING QUALITY

Proven over time. Designed to work hard and long. Covered for life.

DEPENDABLE CONSISTENCY

A predictably superior performance, no matter where it originates.

SUPERIOR FEEL

The just-right balance, heft, resistance and grip to make it to the one reached for first, every time.

UNCOMPROMISING SAFETY

Designed to prevent user injury, no exceptions.

DESIGN PRINCIPLES

1907 AUTHENTIC

Building off 110 years of building hand tools, Crescent products visually pay tribute and homage to their past while remaining relevant in today's industries and working environments.

LEGACY OF STRENGTH

Crescent Tools products last for generations.

FITS LIKE A GLOVE

Crescent Tools are founded in superior ergonomics, human factors and comfort. Tools minimise effort and increase safety for the user.

WORKMANSHIP

Crescent products have a hint of handmade. The Materials and treatments should look great when they are brand new but should break in and wear to a look and feel that any tradesperson can be proud of.

CORE EQUITY

Trusted by the Trades.

Trusted by the Trades.

The Crescent Brand

The Crescent brand is often associated with its most famous product, the Crescent adjustable wrench which sparked into life in 1907. The Crescent adjustable wrench became one of the most essential tools in the tool box and was extremely successful amongst professional tradespeople.

In 2018, the Crescent brand expanded once again to include four other famous brands from Apex Tool Group - Lufkin, Wiss, Nicholson, and H.K. Porter – now called Crescent Lufkin, Crescent Wiss, Crescent Nicholson, and Crescent H.K. Porter – and became supporting brands under Crescent. This gave professional tradespeople over 2,600 quality tools they could count on to produce professional results ... all with the trusted Crescent name.

With a history of over 100 years of performance, quality, and innovation, Crescent is holding true to the fundamentals that have made it one of the most trusted names in hand tools worldwide. Crescent is committed to consistently delivering products that exceed customer expectations for quality, durability, performance, and value.

Fastening

Adjustable Wrenches • Wrenches
Screwdriver Sets • Hex Key Sets

Crescent Wide Jaw Adjustable Wrenches

These wrenches really punch above their weight when it comes to strength and jaw capacity. They open wide to work on fasteners that would need the next larger size standard adjustable wrench. For example, a 250mm/10" Crescent Wide Jaw has the same strength and jaw capacity as a 300mm/12" standard adjustable, so they save space and weight in your toolbox. Lighten your load with these new tools from Crescent ... the original name in adjustable wrenches.

Exceeds ASME Requirements

Meets performance standards of the next larger size

Black Phosphate and Lacquer Finish

Resists rust and corrosion

Serrations on Jaws

Gives up to 4X more torque than traditional adjustables

Larger Knurl

For easier adjustment and tighter jaw fit, won't bind up

Laser Etched Scale

SAE and Metric, allows easy determination of fastener size

Wider Jaw Opening

Allows use with a greater range of fastener sizes than traditional adjustables.

Crescent® Adjustable Wrenches Wide Handle, Chrome Finish

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Hex jaw design reduces slippage by gripping fasteners tightly
- Wider handle improves comfort and reduces fatigue
- Heat-treated forged alloy steel for toughness and durability
- Tension spring stabilizes jaw and allows easy knurl adjustment
- Chrome plated finish wipes clean easily and resists rust and corrosion

3 Pc. Adjustable Wrench Set - 150mm/6", 200mm/8" & 250mm/10"

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Hex jaw design reduces slippage by gripping fasteners tightly
- Large capacity 15/16", 24mm (6"), 1-1/8", 29mm (8") and 1-5/16", 34mm (10") jaws fit a wide range of fastener sizes
- Heat-treated forged alloy steel for toughness and durability
- Tension spring stabilizes jaw and allows easy knurl adjustment
- Chrome plated finish wipes clean easily and resists rust and corrosion

Material No.	Description	Capacity Diameter Max	Shelf Pack
AC26810	150mm/6", 200mm/8", 250mm/10"	-	3

Extra-Wide Jaw Opening Wrenches

- Each wrench meets the ASME performance requirements for the next size up (Example: 6" wrench meets the requirements for an 8" wrench)
- Micro-serrations on the jaws provide a tighter grip on the fastener thus helping to generate 4x more torque than traditional adjustable wrenches
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Black phosphate and lacquer finish help to resist rust and prevent corrosion for better durability

ATWJ212VS	300mm/12" Wide Jaw Adjustable Wrench	44.5 mm	3

Crescent Adjustable Wrench/Podger

- The original adjustable wrench, made by the world-famous Crescent® brand
- Laser etched scale in both SAE and Metric sizes allows easy fastener size identification
- Larger knurl provides a tighter jaw fit, is easier to adjust and is less likely to bind up
- Hex jaw design reduces slippage by gripping fasteners tightly
- Heat-treated forged alloy steel for toughness and durability
- Tension spring stabilizes jaw and allows easy knurl adjustment
- Round, tapered tang for easy alignment of bolt holes
- Black oxide finish resists rust or corrosion and wipes clean easily

Set Contains:

12 Pt., Metric Wrenches: 8, 9, 10, 11, 12, 13, 14, 15, 17, 19 mm

10 Pc. 12 Point SAE Combination Wrench Set

- Incredible strength and corrosion resistance from specially formulated and heat-treated chrome alloy steel
- Off-corner loading design on box end provides better grip and reduces fastener rounding
- Sizes stamped on both sides of each wrench for easy identification

Cat No.	Shelf Pack
CCWS2-05	5

Set Contains:

12 Pt., SAE Wrenches: 1/4", 5/16", 11/32", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4"

15 Pc. 12 Point Metric Combination Wrench Set

- Incredible strength and corrosion resistance from specially formulated and heat-treated chrome alloy steel
- Off-corner loading design on box end provides better grip and reduces fastener rounding
- Sizes stamped on both sides of each wrench for easy identification

Cat No.	Shelf Pack
CCWS5-05	4

Set Contains:

12 Pt., Metric Wrenches: 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 mm

2 Pc. Screwdriver Sets - 1000 Volt Insulated

- Insulated to 1000V 06 IEC 60900:2004
- VDE / GS Certified
- Ergonomic co-moulded handles for maximum comfort and increased torque
- Screwdriver blades made of 8660 steel for increased durability
- Specially treated black oxide tips eliminate light reflection and have a precise fit

CSET2VL

Material No.	Description	Shelf Pack
CSET2VL	2 Pc. 1000V Screwdriver Set: Phillips #2 x 100mm & Slotted 4mm x 100mm	6

8 Pc. Screwdriver Set - 1000 Volt Insulated

- Insulated to 1000V 06 IEC 60900:2004
- VDE / GS Certified
- Ergonomic co-moulded handles for maximum comfort and increased torque
- Screwdriver blades made of 8660 steel for increased durability
- Specially treated black oxide tips eliminate light reflection and have a precise fit

Cat No.	Shelf Pack
SD8SET	6

Set Contains	
Slotted 2.5mm x 80mm	Phillips PH1 x 100mm
Slotted 4.0mm x 100mm	Phillips PH2 x 100mm
Slotted 6.5mm x 150mm	Pozidrive PZ1 x 100mm
1 x Mains Tester 140	Pozidrive PZ2 x 100mm

10 Pc. Screwdriver Set

- Chrome vanadium alloy steel for durability and rust resistance
- Precision ground working tip to prevent damage
- Tempered steel to prevent distortion
- Ribbed recess for sure, non slip grip
- High impact cellulose acetate handle
- Measurement type clearly printed for easy recognition
- Magnetised tips

Cat No.	Shelf Pack
CSDSET10	12

Set Contains	
Slotted 3 x 75mm/3"	Phillips #0 x 75mm/3"
Slotted 5 x 100mm/4"	Phillips #1 x 100mm/4"
Slotted 6 x 150mm/6"	Phillips #2 x 150mm/6"
Slotted 8 x 150mm/6"	Phillips #3 x 150mm/6"
Slotted 6 x 38mm/1.5" Stubby	Phillips #2 x 38mm/1.5" Stubby
Storage Case	

44 Pc. Ultimate Screwdriver Set

- Ergonomic, anti slip grip, acetate handles
- Chrome vanadium alloy steel for durability and rust resistance
- Edges and flats are precision formed to prevent damage
- Magnetised tips
- Handy storage case

Cat No.	Shelf Pack
CSD44	10

Set Contains	
Slotted 3.2mm x 50mm, 5mm x 100mm, 6mm x 150mm, 3.5mm x 80mm (Insulated)	
Phillips #0 x 50mm, #1 x 75mm, #2 x 100mm	30 Pcs 25mm Bits:
Precision Screwdrivers: Slotted 2.0mm & Phillips #00	T6 x 2, T8 x 3, T10, T15 x 2, T20, T25 x 2, T30
Magnetic Bit Driver x 1	Hex3.0, Hex5.0, Hex6.0
50mm Phillips #2 Bit x 2	PZ1 x 2, PZ2
75mm Phillips #2 Bit x 2	PH0 x 2, PH1 x 2, PH2, PH3
Storage Case	SL3.0, SL4.0, SL5.0
	SQ1, SQ2, SQ3

25 Pc. Tri Lobe Acetate Handle Screwdriver Set

- Ergonomic Tri-Lobe handle design for increased comfort and performance
- High impact cellulose acetate handle virtually unbreakable and highly resistant to solvents and oils
- Colour coded handles for easy identification
- Precision bit holder and bits
Chrome vanadium alloy steel for durability and rust resistance Magnetised tips

Cat No.	Shelf Pack
CSD25	6
Set Contains	
Slotted 4mm x 75mm	Phillips #1 x 100mm
Slotted 5mm x 100mm	Phillips #2 x 150mm
Slotted 6mm x 150mm	Phillips #2 x 200mm
Slotted 8mm x 200mm	Phillips #3 x 150mm
Insulated Slotted 5mm x 150mm	Precision Bit Holder
Stubby Bit Holder	10 Precision Bits: SL2mm, SL2.5mm, SL3mm
4 Two-Way Bits: SL4mm/PH#1, SL5mm/PH#2, SL6mm/PH#3	PH#000, PH#00, T6, T8
Hex 4.0mm/Hex 5.0mm	Hex1.0mm, Hex2.0mm, Hex3.0mm
Storage Case	

10 Pc. Tang-Thru Industrial Screwdriver Set

- Rivet construction with precision machined joint interlock assures smooth, positive joint action, no chance of slipping position or coming apart under load
- Self-locking jaw opening adjustment
- Alloy steel construction with induction-hardened teeth for maximum durability

Cat No.	Shelf Pack
CSDIND10	10
Set Contains	
Slotted 5mm x 100mm Tang Thru Handle	Phillips #1 x 38mm
Slotted 6mm x 38mm Tang Thru Handle	Phillips #1 x 100mm
Slotted 6mm x 150mm Tang Thru Handle	Phillips #2 x 38mm
Slotted 8mm x 200mm Tang Thru Handle	Phillips #2 x 150mm
Slotted 10mm x 250mm Tang Thru Handle	Phillips #3 x 150mm
Storage Case	

2 Pc. Acetate Screwdriver Set

- Manufactured from chrome alloy steel for better strength and longer tool life
- Off-corner loading technology to virtually eliminate fastener rounding
- Size markings stamped on socket for quick size identification
- Nickel chrome plated for durability
- Meets or exceeds ASME specifications

Cat No.	Shelf Pack
CSD2N	8

Set Contains	
Phillips #2 x 100mm Round Blade	
Mechanics Round Slotted 6mm x 100mm	

4 Pc. Dual Material Combination Screwdriver Set

- Ergonomic Tri-Lobe handle design for increased comfort and performance
- High impact acetate handles are significantly stronger than PVC
- Acetate handles are co-moulded with thermoplastic rubber to provide exceptional grip force and ergonomics
- Chrome Vanadium blades with manganese phosphate tip coating for increased durability
- Colour coded handles for easy identification

Cat No.	Shelf Pack
CSD4PCN	6

Set Contains	
Slotted 4mm x 100mm	Phillips PH1 x 100mm,
Slotted 6mm x 100mm	Phillips PH2 x 100mm

4 Pc. Phillips®/Slotted Co-Moulded Diamond Tip Screwdriver Set

- "Black phosphate shafts and blades for increased corrosion resistance
- Diamond coated tips for improved torque and grip when fastening
- Co-moulded acetate handle for comfort and durability while fastening
- Color-coded handles help to quickly identify driver type
- Meets ASME specifications for drivers

Cat No.	Shelf Pack
CGS4PCSET	6

Set Contains	
Slotted 1/4"/5mm x 4"/100mm	Phillips #1 x 3"/75mm
Slotted 3/16"/6mm x 4"/100mm	Phillips #2 x 4"/100mm

8 Pc. Folding Metric Hex Dual Material Key Set

- Versatile range of common sizes
- Measurement type clearly printed for easy recognition
- Size markings for each key
- High strength alloy steel
- Dual-material comfort grip
- ASME B18.3.2M

Cat No.	Shelf Pack
CHKFMB	6

Set Contains
1.5, 2, 2.5, 3, 4, 5, 6, 8mm

9 Pc. Folding SAE Hex Dual Material Key Set

- Versatile range of common sizes
- Measurement type clearly printed for easy recognition
- Size markings for each key
- High strength alloy steel
- Dual-material comfort grip
- Meets or exceeds ASME B18.3-2003

Cat No.	Shelf Pack
CHKFSAE9	6

Set Contains
5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4"

8 Pc. Folding Torx® Dual Material Key Set

- Versatile range of common sizes
- Measurement type clearly printed for easy recognition
- Size markings for each key
- High strength alloy steel
- Dual-material comfort grip
- Meets or exceeds Camcar TXF-702

Cat No.	Shelf Pack
CHKFT8	6

Set Contains
T9, T10, T15, T20, T25, T27, T30, T40

3 Pc. Folding Metric/SAE/Torx® Dual Material Key Set

- Versatile range of common sizes
- Measurement type clearly printed for easy recognition
- Size markings for each key
- High strength alloy steel
- Dual-material comfort grip
- Meets or exceeds Camcar TXF-702

Cat No.	Shelf Pack
CHK3PC	6

Set Contains

1.5, 2, 2.5, 3, 4, 5, 6, 8mm
 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4"
 T9, T10, T15, T20, T25, T27, T30, T40

13 Pc. Long Ball End Metric Hex Key Set

- Ball end hex keys permit an angle of entry of up to 25° for easier access
- Long length for increased access
- Short end for higher torque
- High strength alloy steel for strength and durability
- Black oxide finish resists corrosion
- Meets or exceeds ASME B18.3

Cat No.	Shelf Pack
CHKLMBALL13	6

Set Contains

1.5, 2, 2.5, 3, 4, 4.5, 5, 5.5, 6, 7, 8, 9, 10mm

13 Pc. Long Ball End SAE Hex Key Set

- Ball end hex keys permit an angle of entry of up to 25° for easier access
- Long length for increased access
- Short end for higher torque
- High strength alloy steel for strength and durability
- Black oxide finish resists corrosion
- Meets or exceeds ASME B18.3

Cat No.	Shelf Pack
CHKLABALL13	6

Set Contains

0.05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16", 3/8"

13 Pc. Long Arm Metric Hex Key Set

- Long length for increased access
- Short end for higher torque
- High strength alloy steel
- Black oxide finish
- Caddy included

Cat No.	Shelf Pack
CHKLAM13	6

Set Contains

1.5, 2, 2.5, 3, 4.5, 5, 5.5, 6, 7, 8, 9, 10mm

13 Pc. Long Arm SAE Hex Key Set

- Long length for increased access
- Short end for higher torque
- High strength alloy steel for strength and durability
- Black oxide finish resists corrosion
- Meets or exceeds ASME B18.3
- Key caddy organises and stores hex keys

Cat No.	Shelf Pack
CHKLASAE13	6

Set Contains

0.05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16", 3/8"

8 Pc. Security Torx Hex Key Set

- Long length for increased access
- Short end for higher torque
- High strength alloy steel for strength and durability
- Black oxide finish resists corrosion
- Meets or exceeds ASME B18.3
- Key caddy organises and stores hex keys

Cat No.	Shelf Pack
CHKST8	6

Set Contains

1.5, 2, 2.5, 3, 4, 5, 6, 8mm

9 Pc. Ball Point T-Handle Hex Key Set, Metric

- T-handle for improved leverage and grip
- Short end for higher torque
- Ball point end for improved access
- High strength alloy steel
- Handy hang hole-up hole for wall mount
- Wall mountable storage bracket

Cat No.	Shelf Pack
CHKT8	10

Set Contains

2, 2.5, 3, 4, 5, 6, 8, 10mm

8 Pc. Ball Point T-Handle Hex Key Set, SAE

- T-handle for improved leverage and grip
- Short end for higher torque
- Ball point end for improved access
- High strength alloy steel
- Handy hang hole-up hole for wall mount
- Wall mountable storage bracket

Cat No.	Shelf Pack

Mechanic Hand Tools

Multi-Drive • 1/4" Drive • 3/8" Drive

70 Pc. 1/4" & 3/8" Drive 6 & 12 Point Standard Metric/SAE Mechanics Tool

- Contains a carefully selected assortment of hand tools needed for most industrial, mechanical and consumer applications
- 72-tooth ratchet requires only a 5-degree swing arc to turn a fastener
- Quick release allows for fast socket exchanges
- Sockets feature off-corner loading technology to virtually eliminate fastener rounding

APN/UPC	Shelf Pack
CTK70C	4

Set Contains	
2 Ratchets: 6" & 8-1/2"	Bit Driver and Bits
2 Extensions Adapter: 1/4 Drive 2" & 3/8 Drive 3"	9 1/4 Drive SAE Sockets: 5/32, 3/16, 7/32, 1/4, 9/32, 5/16, 11/32, 3/8 & 7/16"
6 Metric Combination Wrenches: 10, 12, 13, 14, 15 & 17mm	9 1/4 Drive Metric Sockets: 4, 5, 6, 7, 8, 9, 10, 11 & 12mm
6 SAE Combination Wrenches: 3/8, 7/16, 1/2, 9/16, 5/8, & 11/16"	9 3/8 Drive SAE Sockets: 3/8, 7/16, 1/2, 9/16, 5/8, 11/16 & 3/4"
8 Hex Keys	7 3/8 Drive Metric Sockets: 10, 11, 12, 13, 14, 15 & 17mm

150 Pc. 1/4" and 3/8" Drive 6 Point SAE/Metric Professional Tool Set

- Contains a carefully selected assortment of hand tools needed for most industrial, mechanical and consumer applications
- Incredible access from long wrenches with narrow heads, adjustable wrenches and pliers, and a long-beam ratchets with small teardrop heads
- Long nose & diagonal pliers with professional, ergonomic dipped grips wipe clean easily

Pliers

Z2 • Pliers • Locking Pliers • Crimping Tools

Crescent Z2 our best performing pliers ever.

New Z2 pliers take gripping and cutting to the highest levels of performance. The innovations feature one-handed adjustment, making them perfect for turning work in tight spaces, while the Six Zone head of Z2 Long Nose pliers gives them the ability to cut, grip, and turn better than any long nose we've ever made. Every style in the wide Z2 line has innovative features that make it the new best performer in its class.

Tongue and Groove Pliers

Z2 Tongue and Groove pliers feature revolutionary K9™ 35° Angle Access Jaws so you can turn pipes, even when forced to work at an angle.

Pliers - Ultimate

- Premium quality forged alloy steel for toughness and durability
- Precise jaw gap for wire work
- Cross hatch jaws for positive grip (3800 models & 4800 models)
- Serrated pipe grip (3800 models & 4800 models)
- Shear cut action in jaws (4800 models)
- Extended and hardened cutting jaw for use with flat multicore cabling (3800 & 4800 models)
- Built in crimper for use on 1.5mm² to 6mm² solderless connectors (3800 & 4800 models)

Material No.	Description	Shelf Pack
4800CTVN	200mm/8" Ultimate Shear Cut Action Plier	6
3800CTVN	200mm/8" Ultimate Universal Cutting Plier	6
728CVN	200mm/8" Ultimate End Cutting Nippers	6
729CVN	230mm/9" Ultimate End Cutting Nippers	6

Pliers - Ultimate High Voltage

- Premium quality forged alloy steel for toughness and durability
- 1000V Insulated grips
- Precise jaw gap for wire work
- Cross hatch jaws for positive grip (3800 models & 4800 models)
- Serrated pipe grip (3800 models & 4800 models)
- Shear cut action in jaws (4800 models)

Material No.	Description	Shelf Pack
3800CHVN	200mm/8" 1000V Ultimate Universal Cutting Plier	6
5428HVN	200mm/8" 1000V Ultimate Diagonal Cutting Plier	4
6547HVN	200mm/8" 1000V Ultimate Long Nose Plier	4
CHV2PAKN	2 Pc. 200mm/8" 1000V Ultimate Plier Set - Universal Cutting + Diagonal Cutting	5

Pliers - High Voltage - 'S' Series 1000V

- For use in High-Voltage Areas with up to 1000V of Alternating Current, VDE Certified, and Built to Meet IEC/EN 60900-2012
- Jaw is engineered for wire work and positive grip
- Forged alloy steel for durability
- Induction hardened cutting jaw will meet the demand to ensure durable performance

CHV508

Material No.	Description	Shelf Pack
CHV410	250mm/10" 1000V S-Series Multi-Grip Plier	6
CHV508	200mm/8" 1000V S-Series Universal Cutting Plier	6
CHV542B	200mm/8" 1000V S-Series Diagonal Cutting Plier	6
CHV654B	200mm/8" 1000V S-Series Long Nose Plier	6

Pliers - Long Nose Pliers

- Long reach pliers for better access in tight spaces
- Double joint design allows the jaws to open a greater distance than the handle
- Compound joint opens wider with less effort
- Flush rivets are stronger and have a thinner profile
- Dual-material grips for improved ergonomics and comfort
- Milled grooves in the tips grip fasteners and other objects tightly

PSX200C-06

Material No.	Description	Shelf Pack
PSX200C-06	330mm/13" X2™ Long Reach Pliers	3

Plier Set

- Compact micro cutter and plier for increased access in tight spaces
- Spring assisted for repetitive use
- Comfortable grips
- More grip with less slip
- Low profile flush cutter

Material No.	Description	Shelf Pack
S2KS5NN	2 pc. 110mm/4" Micro Shear Cutter and Plier Set	5

Fencing Tools

- Designed for heavy-duty wire cutting
- Standard or flush cutting edges
- Angled head for offset cutting
- Electronically induction hardened hand-honed, long lasting cutting edge
- Manufactured from forged alloy tool steel for durability
- Polished head resists rust and corrosion

100010VN-05

Material No.	Description	Shelf Pack
10008VN	200mm/8" Button Plier Fence Tool	6
100010VN-05	250mm/10" Button Plier Fence Tool	6
100012VN-05	300mm/12" Button Plier Fence Tool	6

Tongue & Groove Pliers

- Rivet construction with precision machined joint interlock assures smooth, positive joint action, no chance of slipping position or coming apart under load
- Self-locking jaw opening adjustment
- Alloy steel construction with induction-hardened teeth for maximum durability

Material No.	Description	Shelf Pack
RT216CVN-06	405mm/16" Straight Jaw Tongue and Groove Plier	3

Curved Jaw with Wire Cutter

- Versatile curved jaw also features integral wire cutter
- Angled tooth pattern for a better grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- After initial grip is set, pliers can be tightened further by turning the adjusting screw with a hex key

C5CVN-08

Material No.	Description	Jaw Capacity	Shelf Pack
C5CVN-08	125mm/5" Curved Jaw Locking Plier with Wire Cutter	32 mm	3
C7CVN-08	175mm/7" Curved Jaw Locking Plier with Wire Cutter	42 mm	3
C10CVN-08	250mm /10" Curved Jaw Locking Plier with Wire Cutter	48 mm	3

Long Nose with Wire Cutter

- Versatile curved jaw also features integral wire cutter
- Angled tooth pattern for a better grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- After initial grip is set, plier can be tightened further by turning the adjusting screw with a hex key

C6NVN-08

Material No.	Description	Jaw Capacity	Shelf Pack
C6NVN-08	150mm/6" Long Nose Locking Plier with Wire Cutter	58 mm	3
C9NVN-08	230mm/9" Long Nose Locking Plier with Wire Cutter	73 mm	3

Straight Clamps

- Straight jaws for maximum grip
- Angled tooth pattern for a better grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- After initial grip is set, plier can be tightened further by turning the adjusting screw with a hex key

C7SVN

Material No.	Description	Jaw Capacity	Shelf Pack
C7SVN	175mm/7" Straight Jaw Locking Plier	34 mm	3
C10SVN-08	250mm/10" Straight Jaw Locking Plier	45 mm	3

Locking C-Clamp (Regular Tips)

- Versatile curved jaw also features integral wire cutter
- Angled tooth pattern for a better grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- After initial grip is set, pliers can be tightened further by turning the adjusting screw with a hex key

C6CCVN

Material No.	Description	Jaw Capacity	Shelf Pack
C6CCVN	150mm/6" Locking C-Clamp with Regular Tips	51 mm	3
C11CCVN	280mm/11" Locking C-Clamp with Regular Tips	102 mm	3
C18CCRN	450mm/18" Locking C-Clamp with Regular Tips	203 mm	3

Locking Welding Clamp

- Compound action for powerful non-slip locking grip
- After initial grip is set, clamp can be tightened further by turning the adjusting screw with a hex key
- Red plastisol dip on release lever for improved comfort
- Nickel-plated finish resists rust and corrosion

C9WN

Material No.	Description	Jaw Capacity	Shelf Pack
C9WN	230mm/9" Locking Sheet Metal Clamp	38 mm	5

Locking C-Clamp (Swivel Tips)

- Locking "C" clamps are faster and easier to use than standard clamps
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- After initial grip is set, clamp can be tightened further by turning the adjusting screw with a hex key
- Compound action for powerful non-slip locking grip

C11CCSVN

Material No.	Description	Jaw Capacity	Shelf Pack
C6CCSVN	150mm/6" Locking C-Clamp with Swivel Pads	73 mm	3
C11CCSVN	280mm/11" Locking C-Clamp with Swivel Pad Tips	102 mm	5
C18CCSN	450mm/18" Locking C-Clamp with Swivel Pads	203 mm	3

Locking sheet Metal Clamp

- Compound action for powerful non-slip locking grip
- After initial grip is set, clamp can be tightened further by turning the adjusting screw with a hex key
- Red plastisol dip on release lever for improved comfort
- Nickel-plated finish resists rust and corrosion
- Maximum jaw opening meets ASME specifications

C8SMVN

Material No.	Description	Jaw Capacity	Shelf Pack
C8SMVN	200mm/8" Locking Sheet Metal Clamp	19 mm	3

Locking Chain Clamp

- 8" long chain
- Compound action for powerful non-slip locking grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- Red plastisol dip on release lever for improved comfort

C20CHN

Material No.	Description	Shelf Pack
C20CHN	230mm/9" Locking Chain Clamp with 460mm/18" Chain	5

Locking Plier Sets

- Versatile curved jaw also features integral wire cutter
- Compound action for powerful non-slip locking grip
- Knurled adjusting screw turns easily by hand or with a hex key inserted into the hex key receiver on bottom of screw
- Red plastisol dip on release lever for improved comfort

CLP-2SETN-08

Material No.	Description	Shelf Pack
CLP2SETN-08	2 Pc. Curved Jaw Locking Plier Set with Wire Cutter - 175mm/7" & 250mm/10"	3
CLP3SETN-08	3 Pc. Curved Jaw Locking Plier Set with Wire Cutter - 125mm/5", 175mm/7" & 250mm/10"	3
CLP5SETN-08	5 Pc. Curved and Long Nose Locking Plier Set with Wire Cutter - 125mm/5", 175mm/7", 250mm/10", 150mm/6" & 230mm/9"	3

10 Pc. Ratcheting Crimping Tool Set

- Parallel mechanism for precise crimping
- Compound action requires 30-50% less pressure
- Plier releases once correct pressure is obtained
- Insulated Terminals 0.5mm² - 6mm² [22-10 AWG]
- Open Barrel Connectors N/I 0.5mm² - 6mm² [22-10 AWG]
- Non Insulated Terminals 0.5mm² - 10mm² [22-8 AWG]

Material No.	Description	Shelf Pack
CRCT10	10 Pc. Ratcheting Crimping Tool Set - with Interchangeable Jaws	5

Ratcheting Data Crimper & Wire Stripper

- Crimps 6P & 8P connectors. No die changes
- Integrated cable cutter, length stopper & stripper
- Ratcheting system requires less force
- Precision CNC ground crimping teeth
- SK5 steel on cutting blade

Material No.	Description	Shelf Pack
CDC68	Ratcheting Data Crimper & Wire Stripper	6

Non Insulated Terminals Crimping Tool - 22-8AWG

- Adjustment wheel for adjusting crimping pressure
- Multiple crimp sizes
- Co-moulded ergonomic handle for improved comfort and extra length for one or two handed operation
- CCT8 is suitable for Non-Insulated terminals 22-8AWG (0.5-10mm²)
- CCT10 is suitable for Insulated terminals 22-10AWG (0.5-6mm²)

Material No.	Description	Shelf Pack
CCT8	Non Insulated Terminals Crimping Tool - 22-8AWG	6

Insulated Terminals Crimping Tool - 22-10AWG

- Adjustment wheel for adjusting crimping pressure
- Multiple crimp sizes
- Co-moulded ergonomic handle for improved comfort and extra length for one or two handed operation
- CCT8 is suitable for Non-Insulated terminals 22-8AWG (0.5-10mm²)
- CCT10 is suitable for Insulated terminals 22-10AWG (0.5-6mm²)

Material No.	Description	Shelf Pack
CCT10	Insulated Terminals Crimping Tool - 22-10AWG	6

Ratcheting Cable Cutter - Cuts 30.5mm diameter

- Powerful ratcheting mechanism ensures a non-slip cut
- Cuts large diameter telecom and power cable up to 600MCM / 300 mm²
- Anti rust black oxide finish
- Closed position handle lock for compact storage
- Comfortable dual colour TPR grips for improved leverage
- Maximum cable cutting capacity 32mm diameter

Material No.	Description	Shelf Pack
CRCC38	Ratcheting Cable Cutter - Cuts 30.5mm diameter	5

Conduit Cutter - Cuts 3mm to 42mm

- Heavy duty tool
- Heat treated cutting blade for cutting P.V.C. pipe and water hose up to 42mm diameter
- Cuts cleanly without the need for de-burring
- Heavy duty design and construction
- Bright red colour for easy standout in the tool box and workplace

Material No.	Description	Shelf Pack
CCC42	Conduit Cutter - Cuts 3mm to 42mm	10

Self Adjusting Wire Stripper

- Used for stripping and cutting wire, crimping insulated and non-insulated terminals and crimping ignition terminals
- Cuts and strips 26-8 AWG (0.13-10mm²) copper or aluminium wire
- Crimps 22-10 AWG (0.5-6mm²) insulated & non-insulated terminals
- Fine adjustments can be made to strip wire insulation smaller than AWG24 (0.2mm²) without cutting into the wire

Material No.	Description	Shelf Pack
CWS1	Self Adjusting Wire Stripper	10

The Crescent Wiss Brand

Today, as Crescent Wiss, the brand is a market leader for cutting products from Apex Tool Group. The Crescent Wiss brand earns its reputation for craftsmanship and long life and has been doing so since 1848. The brand has remained the undisputed market leader in professional aviation snips, driven by two simple principles: performance and durability. It is these two principles that has earned the trust of the professional trades person.

The extensive Crescent Wiss line of products includes scissors, snips, and specialty trade tools. Crescent Wiss cutting products are among the more than 2,600 quality hand tool products offered under the Crescent name.

Trusted by the Trades.

Snips

Since 1848, Wiss has manufactured a quality line of cutting tools. Wiss scissors and shears are extremely popular in the garment and dressmaking field and are found in household sewing baskets everywhere. Snips are utilised for industrial cutting and DIY applications, and the Metalmaster range of compound action snips has become a favourite with metal-working craftsmen.

The Wiss line of Metalmaster® compound action snips is the most complete line on the market. Metalmaster snips are one of the most advanced metal cutting tools available today.

Originally developed for cutting the extremely tough alloys used in the aircraft industry, (hence the nickname Aviation Snips). Metalmaster snips have become the favourite of most craftsmen who work with metal.

Wiss Metalmaster snips are widely used by home craftsmen and professional metal workers in gutter and flashing work, fabrication of heating and cooling ducts and for aluminium siding installation. Wiss Metalmaster snips are indispensable to homeowners and maintenance specialists and to industrial workers in the appliance, aircraft, automotive, electrical and construction industries. It is the versatility of Wiss Metalmaster snips, in addition to their superior cutting qualities, that has made them so popular.

Wiss Metalmaster snips cut with half the effort required of conventional snips and handle even the biggest jobs. They cut acute angles, complex patterns and perfect circles of even small diameter in galvanized steel up to 18 gauge (.049"). The M5R is recommended for 16 gauge (.065")

The jaws of Wiss Metalmaster snips are made of extra tough and wear-resistant special molybdenum steel to provide the extra service demanded by the compound lever action and to withstand the severe strain of cutting heavy stock or tight curves. The M-4-1 Pipe and Duct Snips have been specifically developed for the heating and air conditioning industry. They also feature the compound lever action, but have in addition a ball bearing jaw action that automatically adjusts the blade clearance to ensure a squarer, cleaner cut. They cut flat sheet metal without distortion to cut edges.

Wiss also manufactures a comprehensive range of tinner's snips. These are available in a variety of patterns which enable cuts to be made right, left or straight. They are investment cast and have polished jaws for smooth action, combined with cleaner cutting.

SNIPS SELECTION CHART

To find the proper snips for your requirements, check the chart below. Simply find your requirements in the listing. The applicable snips are indicated in the chart.

Metalmaster® compound action snips

The non-slip serrated jaws of Wiss Metalmaster snips are made of extra tough and wear-resistant special molybdenum steel to provide the extra service demanded by the compound lever action and to withstand the severe strain of cutting heavy stock or tight curves. The handles are formed of special high strength steel and have a margin of strength far above the limit of the hand power that can be exerted.

Aviation Snips - Metal Master

- Extended single-material ergonomic grips for reduced hand fatigue
- Ergonomic single-handed latch operation
- Withstands strain of cutting heavy stock and tight curves
- Unique total system design requires 20% less force to cut
- Precision cast blades
- Blade serrations spread cutting force across the blade improving cut quality and tool life
- Spring-action for fast, effortless feed

Material No.	Description	Shelf Pack
M1RAU	248mm/9-3/4" Metalmaster® Aviation Snip w Red Grips - Cuts Left	6
M2RAU	248mm/9-3/4" Metalmaster® Aviation Snip w Green Grips - Cuts Right	6
M3RAU	248mm/9-3/4" Metalmaster® Aviation Snip w Yellow Grips - Cuts Straight & Slight Curves	6
WLP	Professional Black Leather Aviation Snip Pouch	1

Aviation Snips - Offset Snips

- Extended single-material ergonomic grips for reduced hand fatigue
- Ergonomic single-handed latch operation
- Withstands strain of cutting heavy stock and tight curves
- Unique total system design requires 20% less force to cut
- Precision cast blades
- Blade serrations spread cutting force across the blade improving cut quality and tool life
- Offset blades keep hands clear of metal while cutting

Material No.	Description	Shelf Pack
M6RAU	248mm/9-3/4" Metalmaster® Offset Aviation Snip w Red Grips - Cuts Left	6
M7RAU	248mm/9-3/4" Metalmaster® Offset Aviation Snip w Green Grips - Cuts Right	6
M80S	248mm/9-3/4" Metalmaster® Offset Aviation Snip w Yellow Grips - Cuts Straight & Slight Curves	6
M6M7AU	2 Pc. Metalmaster® Offset Aviation Snip Set - Left & Right Cut	6

Aviation Snips - Bulldogs Snips

- Cuts straight lines
- For notching or trimming extra heavy stock
- Blade serrations hold material firmly and spread cutting force uniformly across blade edge, improving cut quality and tool life
- Cuts up to 16 gauge low carbon, rolled steel
- Withstands strain of cutting heavy stock and tight curves
- Spring-action handle for a faster, effortless feed
- Handle latch keeps blades closed during storage or when not in use

Material No.	Description	Shelf Pack
M5R	235mm/9-1/4" Metalmaster® Bulldog Snip	6

Pipe & Duct Snips

- Cuts any shape ducts, seams, sheet metal stock, vinyl tiles, and plastic laminates
- Jaw action automatically adjusts blade clearance for squarer, cleaner cuts
- Spring-action handle for a faster, effortless feed
- Handle latch keeps blades closed during storage or when not in use
- Ergonomic, single material non-slip handle grips provide excellent control and easy cleaning with built-in hang hole for convenient storage

Material No.	Description	Shelf Pack
M4RN	235mm/9-1/4" Metalmaster® Pipe and Duct Snip	3

Metal-Wizz Household Cutters

- Cuts curves, straight lines, or any combination
- Used for cutting light-gauge metals, screening, floor tiles, vinyl, plastic, leather, paper, rubber, hardware cloth, shingles, tile gutters, downspouts, carpeting, and more
- Blade serrations hold material firmly and spread cutting force uniformly across blade edge, improving cut quality and tool life
- Cuts up to 20 gauge low carbon steel
- Spring-action handle for a faster, effortless feed

Material No.	Description	Shelf Pack
MPC3N	229mm/9" Metal-Wizz® Multipurpose Snip	6

Multimaster Snips

- Cuts straight lines and right and left arcs
- Combines long cut of tinner's snips with the strength of compound action
- Great for making long, fast cuts in sheet metal, aluminium, and much more
Blade serrations hold material firmly and spread cutting force uniformly across blade edge, improving cut quality and tool life
- Cuts up to 20 gauge low carbon, rolled steel
- Compound action multiplies the cutting force
- Handle latch keeps blades closed during storage or when not in use

Material No.	Description	Shelf Pack
M300N	268mm/10-1/2" Multimaster® Compound Action Long Cut Aviation Snips	6

Multimaster Snips

- Offset blades keep hands clear of metal while cutting
- Combines long cut of tinner's snips with the strength of compound action
- Blade serrations hold material firmly and spread cutting force uniformly across blade edge, improving cut quality and tool life
- Longer blade length reduces cutting frequency for faster work
- Cuts up to 20 gauge low carbon cold rolled steel, aluminium, and plastic
- Compound action design increases force for improved performance
- Handle latch keeps blades closed during storage or when not in use

Material No.	Description	Shelf Pack
M400N	308mm/12-1/8" Multimaster® Compound Action Offset Long Cut Aviation Snip	6

Ratchering Pipe Cutters

- Cuts copper, brass, aluminium, and thin-wall conduit material
- Made from high-carbon chrome steel
- Includes 2 interchangeable wheels for added convenience
- Easily replaceable cutting wheel installs with a small standard screwdriver

Material No.	Description	Shelf Pack
WRPCLG	175mm/7" Large Ratcheting Pipe Cutter	3

Snips

- Added leverage for long, straight and curved cuts in light gauge metal, flash, vinyl siding, gutter, net, rubber and roofing materials
- Half the weight of comparable forged snips
- Sleek new head design reduces cutting effort by allowing easy flow of materials while cutting
- Rust resistant drop forged blades

Material No.	Description	Shelf Pack
WAL13S	305mm/12" Lightweight Aluminum Snip	4

HVAC - Hand Seamers

- Used for bending and flattening sheet metal
- Optimal handle span for maximum power and comfortable operating range
- Ergonomic, single material non-slip handle grips provide excellent control and easy cleaning with built-in hang hole for convenient storage
- Handle latch keeps blades closed during storage or when not in use
- 1/4" depth markings
- Produces a permanent, tight-fitting seam

Material No.	Description	Shelf Pack
WS3N	75mm/3" Straight Handle Hand Seamer	3
WS4N	75mm/3" Offset Handle Hand Seamer	3
WS6N	150mm/6" Straight Handle Hand Seamer	2

HVAC - Multi-Blade Crimpers

- Crimps male fitting end to connect guttering, downspouts, or metal pipe
- Optimal handle span for maximum power and comfortable operating range
- Ergonomic, single material non-slip handle grips provide excellent control and easy cleaning with built-in hang hole for convenient storage
- Handle latch keeps blades closed during storage or when not in use
- Compound action jaw provides excellent comfort and control

Material No.	Description	Shelf Pack
WC3SN	245mm/9-3/4" 3-Blade Short Hand Crimper	3
WC5SN	245mm/9-3/4" 5-Blade Short Hand Crimper	3
WC5LN	250mm/10" 5-Blade Long Hand Crimper	2

HVAC - Hand Notcher

- Cuts 30-degree V-shaped notch in sheet metal
- Produces a clean notch without slipping at corners or take-off tabs
- Ergonomic, single material non-slip handle grips provide excellent control and easy cleaning with built-in hang hole for convenient storage
- Handle latch keeps blades closed during storage or when not in use

Material No.	Description	Shelf Pack
WHN1N	220mm/8-3/4" 30° V-Shaped Hand Notcher	3

Cable Tie Tensioning Tool

- Designed to install both heavy and light duty nylon cable ties
- For tightening nylon ties when securing flex duct to take-off collars
- Easy-to-operate cut-off mechanism that trims excess cable strap
- Ergonomic, single material non-slip handle grips provide excellent control and easy cleaning

Material No.	Description	Shelf Pack
WT1	190mm/7-1/2" Cable Tie Tensioning Tool	4

Folding Tools

- Commonly used for folding channels and making long uniform bends in sheet metal
- Ideal for folding drive cleat channels with 3/8" depth to make longer wider folds in register boots, end caps, plenums, etc...
- Constructed of heavy 16 gauge steel that keeps folding channels from widening and ensures precise and accurate bends
- 3/8" and 1" depth folding channel to ensure proper depth alignment

Material No.	Description	Shelf Pack
WF12	300mm/12" Sheet Metal Folding Tool	4
WF18	455mm/18" Sheet Metal Folding Tool	4
WF24	610mm/24" Sheet Metal Folding Tool	4

Jobsite Performance...with style. Crescent EDC and Folding Utility Knives

The reimagined pocket knife features a ball bearing assist design for smooth, one-handed deployment, and optimized handle ergonomics for maximum grip and cut control. Its deep pocket belt clip position keeps the knife fully concealed and out of the way when stored.

Hybrid Folding Utility Knife

This knife combines the comfort and convenience of a pocket knife with the versatility of a utility knife. Its ball bearing-assisted deployment and liner lock design make for easy one-handed use, and a deep pocket belt clip keeps the tool comfortably stored.

Deep Pocket Carry

A sleek low profile position that keeps the knife 'hidden', and out of the way when stored

Ergonomic Handle

Our knives are designed for improved control and grip for the jobsite with improved ergonomics

CTKFHEDC

Best Blade Deployment

Our ball bearing assisted flipper tab design provides smooth one-handed opening

Liner Lock Mechanism

Provides secure locking of blade in open position and easy one-handed closing action

Quick Blade Changing

Easy, intuitive blade change mechanism for more efficient use on the jobsite

Trusted by the Trades.

64mm/2.5" Low Profile Frame Lock Knife

This compact, low profile knife is 50% slimmer and the perfect Every Day Carry.

Deep Pocket Carry

A sleek low profile position that keeps the knife 'hidden', and out of the way when stored

Best Blade Deployment

Our ball bearing assisted flipper tab design provides smooth one-handed opening

Liner Lock Mechanism

Provides secure locking of blade in open position and easy one-handed closing action

Hybrid Folding Utility Knife

- Combines the ergonomics of a pocket knife with the blade-changing functionality of a utility knife
- Resilient handle construction stands up to heavy use and tough jobsite conditions
- A sleek lowpro, or EDC position that keeps the knife 'hidden', allowing users to clip on and off belt/pocket all day long
- Ball bearing assisted design provides continuous smooth deployment even after heavy use
- EDC-Style handle designed for maximum grip and comfort for improved cut control

Material No.	Description	Shelf Pack
CTKFHEDC	Hybrid EDC Folding Utility Knife	5

Compact Folding Utility Pocket Knife

- Easy, intuitive blade change mechanism for more efficient use
- Compact design, smaller frame for easy storage and handling
- Resilient handle construction stands up to heavy use and tough jobsite conditions
- Ergonomic handle designed for maximum grip and comfort for improved cut control

Material No.	Description	Shelf Pack
CTKCF	Compact Folding Utility Knife	5

Low Profile Pocket Knife

- Quality D2 steel blade endures heavy use and various conditions found on job sites
- Ball bearing design provides continuous smooth deployment even after heavy use
- Flipper tab allows easy, one-handed blade deployment
- Sleek clip design knife fully concealed when stored in pocket, holds up to heavy use
- Designed for maximum grip and comfort for improved cut control

Material No.	Description	Shelf Pack
CPK258FL	64mm/ 2.5" Low Profile Pocket Knife	5

Composite Handle Pocket Knife

- Ergonomic handle optimises hand and finger contact points to maximise fit, control, and user ergonomics
- Easy action flipper tab for easy blade deployment
- Drop point blade design provides tip strength and overall blade durability for a variety of cutting applications
- Harpoon blade design provides overall blade durability and extra leverage for a variety of cutting applications

Material No.	Description	Shelf Pack
CPK325A	80mm/3-1/4" Drop Point Aluminum Handle Pocket Knife	5

Trimming Knives - Bulk Pack

- Ergonomic Hi Viz steel housing with rubber grip for increase safety and comfort
- 9 selectable blade positions to suit a variety of situations
- Integrated string cutter
- One button quick change blade replacement
- Integrated swing out replacement blade holder with positive lock
- Includes 3 blades

Material No.	Description	Shelf Pack
NT3QC12	Retractable Blade Trimming Knife w Safety Cutter	12★

Auto Retracting Safety Blade & Knife

- Blade retracts automatically the moment it loses contact with the material being cut – even if the user is still holding the blade slider forward in the ‘open’ position
- Helps reduce workplace injuries, lowering lost time and increasing productivity
- Quick and easy blade change
- Compatible with all standard utility knife blades

Material No.	Description	Shelf Pack
WKAR2	Auto-Retracting Safety Utility Knife	5

Auto Retracting Safety Blade & Knife

- Compact, ergonomic design
- Blade locks in the open position for secure cutting
- Blade safely folds into handle for compact size and easy storage
- Blades coated in black oxide for improved corrosion resistance
- Features quick-change latch for quick blade replacements
- Compatible with all standard utility knife blades

Material No.	Description	Shelf Pack
CTKF2	Quick-Change Folding Utility Knife	5

Folding Pocket Knife

- Titanium coated stainless steel blade
- Titanium coating is 3X harder than steel for longer life
- Blade features piercing tip with serrated and straight cutting edges for maximum cutting abilities
- Slim, ergonomic handle designed for maximum comfort
- Reversible Belt Clip

Material No.	Description	Shelf Pack
WKFPNS1EU	Titanium Coated Blade Folding Pocket Knife	6★

Trimming Knife Blades

- High quality steel utility knife blades
- Replacement blades fit most utility knives
- Heavy-duty blades with sharp points
- Blade packaging is designed to fit in most vending machines for convenient access and purchasing

DRESSMAKER SHEARS

Home & Craft Scissors - 215mm/8-1/2"

- Precision ground blades feature premium grade stainless steel and are precision engineered for knife-like cutting edges
- Easy adjust pivot bolt allows quick and easy adjustment to fine tune cutting blade tension for optimal cutting performance
- Ambidextrous handle design features symmetrical handle ring contouring for comfortable right or left hand usage

Material No.	Description	Shelf Pack
CW812S	215mm/8-1/2" Stainless Steel All Purpose Tradesperson Shears	4

Offset Hand Tradesperson Shears - 250mm/10" (RH)

- Precision cut blades feature titanium coated premium grade steel and are precision engineered for knife-like cutting edges
- Offset handle design keeps hands above material for safety and easy table top cuts
- Touch point ergonomics optimise hand and finger contact points in handles to maximise fit, control, and user ergonomics

Material No.	Description	Shelf Pack
CW10T	250mm/10" Titanium Coated Offset Right Hand Tradesperson Shears	4

Full Metal Scissors - 250mm/10"

- Heavy-duty blades feature premium grade stainless steel and are precision engineered for knife-like cutting edges
- Serrated bottom blade grips material as it is being cut for increased cutting control and cleaner cuts
- Titanium coated blades provide corrosion resistance and are 3X harder than steel for durability and tool life

Material No.	Description	Shelf Pack
CW10TM	250mm/10" Heavy-Duty Titanium Coated Tradesperson Shears	4

Single Ring Tradesperson Shears - 280mm/11"

- Heavy-duty blades feature titanium coated premium grade stainless steel and are precision engineered for knife-like cutting edges
- Spring-loaded design automatically opens when latch is disengaged for reduced hand fatigue
- Touch point ergonomics optimise hand and finger contact points in handles to maximise fit, control, and user ergonomics
- Full metal core extends through the handle for maximum strength and increased durability

Material No.	Description	Shelf Pack
CW11TM	280mm/11" Heavy-Duty Titanium Coated Single Ring Tradesperson Shears	4

6" Electrician's Data Shears 152mm/6"

- Integrated wire strippers in scissor blade for quick and easy stripping of 19 and 23 AWG wires
- Serrated outside edges of blades for reaming knockouts and conduit
- Grip-Zone area for tightening wire nuts and crimping low voltage connections
- Precision ground blades feature durable serrations on the bottom blade that grip material for better control and cleaner cuts

Material No.	Description	Shelf Pack
CW5T	Electrician's Data Shears 152mm/6"	1

Utility Scissors - 190mm/7"

- Heavy-duty blades feature premium grade stainless steel and are precision engineered for knife-like cutting edges
- Compact 7.5 inch design allows for easy storage and provides excellent portability
- Titanium coated blades provide corrosion resistance and are 3X harder than steel for durability and tool life

Material No.	Description	Shelf Pack
CW7T	190mm/7-1/2" Titanium Coated Tradesperson Utility Shears	4

Home Craft & Sew Scissors - 2pc Set

- Strong, stainless steel blades for corrosion resistance
- Sharp points cut cleanly through the tip
- Long-lasting precision ground straight edges can be sharpened
- Adjustable pivot screw for best feel
- Soft touch handles for added comfort
- Scissors are lightweight for ease of use

Material No.	Description	Shelf Pack
WHCS2	2 Pc. Home, Craft & Sewing Scissor Set	4

Take Apart Utility Shear - 200mm/8"

- Strong, high quality stainless steel blades for corrosion resistance
- Take-apart blades for easy cleaning
- Hard handles are dishwasher safe
- Lightweight

Material No.	Description	Shelf Pack
W8TA	200mm/8" Take Apart Utility Shear	4

Shop Shear Easy Snip - 254mm/10"

- Strong, high quality stainless steel blades for corrosion resistance
- Serrated lower blade for better grip on materials being cut
- Cutting notch on lower blade for rope and twine
- Adjustable pivot to change cutting tension for best feel
- Hard plastic handles clean easily
- Safety point

Material No.	Description	Shelf Pack
W912	250mm/10" Easy Snip Utility/Shop Shears	4

Easy Snip Utility Shear - 215mm/8-1/2"

- Strong, stainless steel blades for corrosion resistance
- Textured and moulded handles for a secure, comfortable grip
- Spring assist action minimises hand fatigue
- Wire cutting notch in the lower blade
- Thumb latch secures blades closed during storage
- Ideal for use in the shop, garden, and home

Material No.	Description	Shelf Pack
WEZSNIP	215mm/8-1/2" Easy Snip Utility Shear	4

Hacksaw - Pro Series

- High tension hacksaw with comfortable cushion grip
- Industrial strength
- General purpose blade
- 2-Way blade change

Material No.	Description	Shelf Pack
NPSHZ	Hi-Tension Hacksaw with Comfort Grip	6

Hacksaw - Economy

- Adjustable from 10"/250mm to 12"/300mm
- Cuts to 2.75"/70mm in depth
- For DIY and home use

Material No.	Description	Shelf Pack
80950	250mm/10" Economy Hacksaw Frame	5

Hacksaw - Frame

- Used on a wide variety of everyday jobs both at home and professionally
- Instantly adjustable for 10"/250mm to 12"/300mm blades
- Adjusts 90° for vertical or horizontal cuts
- Ergonomic handle ensures maximum control and comfort
- Precision engineered to provide maximum gram removal per stroke

Material No.	Description	Shelf Pack
80951	250mm/10" General Purpose Hacksaw Frame	6

Hacksaw Blades

- Nicholson Bi-Metalloy® hacksaw blades feature hardened alloy teeth that cut 30% faster and stay sharp 10 times longer than those on standard blades
- Hardened tooth edges are continuous-welded to flexible steel backs for superior durability

Material No.	Description	Shelf Pack
62826N-02	300mm/12" x 18 TPI Bi-Metalloy® Hacksaw Blade	10
62832N-02	300mm/12" x 24 TPI Bi-Metalloy® Hacksaw Blade	10
62839N-02	300mm/12" x 32 TPI Bi-Metalloy® Hacksaw Blade	10

305mm/12" Jab Saw

- Sharpened tip, featuring a knife like edge, allows for easier penetration through sheetrock reducing user fatigue
- Precision-ground teeth provide superior cutting quality and reduced cutting effort through optimised blade geometry
- Optimised hand & finger contact points in handle to maximise fit, control, and user ergonomics
- Dual material handle for increased comfort

Material No.	Description	Shelf Pack
CTJSAW	305mm/12" Jab Saw Co-Moulded Grip	6

16 Pc. Re-Load® Quick Change Electricians Holesaw Set - 3 Single (Ø14-30MM) & 2 Double (Ø32-200MM)

- One touch Holesaw release/change over
- Rapid plug removal
- Unique Two-up™ mode for enlarging existing holes
- Cobalt high speed steel Bi metal Holesaw
- Australian designed and patented
- Storage case

Cat No.	Shelf Pack

Set Contains	
HSS Bi metal hole saws 20, 22, 25, 32, 40, 51 & 70mm	RLA-152 Arbor
Reload bosses	3mm Hex key
Two-Up bosses	Storage Case

17 Pc. Re-Load® Quick Change Electricians Holesaw Set - 1 Single (Ø14-30MM) & 4 Double (Ø32-200MM)

- One touch Holesaw release/change over
- Rapid plug removal
- Unique Two-up™ mode for enlarging existing holes
- Cobalt high speed steel Bi metal Holesaw
- Australian designed and patented
- Storage case

Cat No.	Shelf Pack
CRLE7HD	5

Set Contains	
HSS Bi metal hole saws 20, 22, 25, 32, 40, 51 & 70mm	CRLHD201
Reload bosses	XTN Bar
Two-Up bosses	3mm Hex key

21 Pc. Re-Load® Heavy Duty Quick Change Master Electricians Holesaw Set

- One touch Holesaw release/change over
- Rapid plug removal
- Unique Two-up™ mode for enlarging existing holes
- Cobalt high speed steel Bi metal Holesaw
- Australian designed and patented
- Storage case

Cat No.	Shelf Pack
CRLE9HD	5

Set Contains	
HSS Bi metal hole saws 20, 22, 25, 32, 40, 51, 64, 83 & 92mm	CRLHD201
Reload bosses	XTN Bar
Two-Up bosses	3mm Hex key

5 Pc. Re-Load® Downlight Installation Kit

- One touch Holesaw release/change over
- Rapid plug removal
- Unique Two-up™ mode for enlarging existing holes
- Most common downlight sizes 70mm and 92mm
- Cobalt high speed steel Bi metal Holesaw
- Australian designed and patented

Cat No.	Shelf Pack
CRLDLK	1

Set Contains	
1 x Heavy duty quick change arbor (CRLHD201)	2 x Bosses (CRLPST0)
1 x 70mm Cobalt HSS holesaw (CRLHS70)	1 x 92mm Cobalt HSS holesaw (CRLHS92)

Re-Load® Holesaws - Individual

- Cobalt high speed steel bi metal construction
- Professional grade variable pitch for smooth cutting and long life
- Used for cutting: steel, cast iron, stainless steel, non ferrous, wood and plastic
- Printed and stamped sizing on the Holesaw for quick and easy identification

Re-Load® Genuine Hi Point™ Pilot Drill

- Replacement hi-point pilot drill to suit Re-Load® Quick Change Arbor
- Diameter: 6.32 DAL x 95mm

Material No.	Description	Shelf Pack
CRLPD	Re-Load® Hi Point Pilot Drill Bit	30

5 Pc. Re-Load[®] Boss Hanger Packs

- Allows user to upgrade existing Holesaw to quick change
- Includes: single bosses (0 - 30mm) and double bosses (32-200mm)
- Unique Two-up™ mode for enlarging existing holes
- Re-Load[®] Quick Change Arbor is required to use the quick change system

CRLBP5

Material No.	Description	Shelf Pack
CRLBP5	Re-Load [®] 5 Boss Hanger Pack - Upgrade Pack	30

Re-Load[®] Quick Change Arbors

- Quad shaft drive system for maximum strength and durability
- One touch Holesaw release/change over
- Recommended for Holesaw sizes 14-200mm
- Re-Load[®] Bosses are required to use the quick change system

CRLHD200

Material No.	Description	Shelf Pack
CRLHD200	Re-Load [®] Heavy Duty Quick change Arbor	60
CRLA152	Re-Load [®] Compact Quick Change Arbor Hanger	30

9 Pc. Bi-Metalloy™ Holesaw Kit

- High speed, Bi-Metalloy steel for increased durability
- Permits fast, clean cuts in steel, cast iron, aluminium, brass, bronze, plastics and wood
- Comes complete with a durable carry case”

HOLESAW
SETS

NHSK9	10

Set Contains	
Sizes: 16, 20, 25, 32, 40, 41	1 x Storage Case
1 x 1mm Arbor and 1 x 10mm Arbor and adaptor, both with pilot drill	

TIPS FOR HOLESAW USE

IMPORTANT: When using the Hex Pin Arbor, be sure the retractable pins are engaged in the holes in the top of the holesaw, only threading the holesaw onto the arbor is not sufficient.

LUBRICANT: Holesaws cut most ferrous metals faster and more efficiently with the use of a lubricant. Cast iron is cut dry, paraffin or beeswax is often used when cutting aluminium.

FEEDS: A level, even pressure produces the most efficient cutting action; excessive pressure will dull and possibly break the teeth.

ALWAYS WEAR EYE PROTECTION: It is essential that the operator and others in the area wear protective eye equipment when using power tools.

CLEARING THE CHIPS: When cutting thick material, the saw should be removed at intervals to allow for chip clearance.

The Crescent H.K PORTER Brand

Today, as Crescent H.K. Porter, the brand is a market leader for industrial cutting products from Apex Tool Group. The extensive Crescent H.K. Porter line of products includes manual cutters, hydraulic cutters, and other accessories.

Bolt Cutters

Bolt Cutters • Specialty Cutters • Rebar Tools

PowerPivot® Bolt Cutters

- PowerPivot™ technology for superior cutting power
- Precision engineered induction hardened center cut blades
- Double compound cutting action
- Cuts materials up to Brinell 455 or Rockwell C48 hardness
- Heat treated for wear resistance and long cutting life
- Tubular steel handles for ultimate strength and cutting support

0190MCP

Material No.	Description	Shelf Pack
1490MCP	355mm/14" PowerPivot™ Centre Cut Double Compound Action Bolt Cutter	1
0090MCP	457mm/18" PowerPivot™ Centre Cut Double Compound Action Bolt Cutter	1
0190MCP	610mm/24" PowerPivot™ Centre Cut Double Compound Action Bolt Cutter	1
0290MCP	760mm/30" PowerPivot™ Centre Cut Double Compound Action Bolt Cutter	1
0390MCP	914mm/36" PowerPivot™ Centre Cut Double Compound Action Bolt Cutter	1

BOLT CUTTERS

Center Cut Bolt Cutter

- High leverage shear cut jaws
- Suitable for general purpose use
- Suitable for concrete reinforcing rods, medium tensile soft nuts, bolts and chain
- Do NOT cut steel or ACSR
- NOT an insulated tool

Material No.	Description	Shelf Pack
CJ24	600mm/24" Centre Cut Bolt Cutter	3

Electrical Cable Cutter - 240mm/9-1/2" for Soft Cable

- High-leverage jaws with shear-cut blades
- Compact cutter fits into most tool pouches
- Do not cut steel or ACSR
- Industrial, non-slip grips
- NOT an insulated tool
- NEVER use any H.K. Porter cutters on energised circuits, wire, or cable!

Material No.	Description	Shelf Pack
0890CSJ	Ratcheting Cable Cutter - Cuts 30.5mm diameter	3

Conduit Cutter - Cuts 3mm to 42mm

- Heavy duty tool
- Heat treated cutting blade for cutting P.V.C. pipe and water hose up to 42mm diameter
- Cuts cleanly without the need for de-burring
- Heavy duty design and construction
- Bright red colour for easy standout in the tool box and workplace

Material No.	Description	Shelf Pack
CCC42	Conduit Cutter - Cuts 3mm to 42mm	10

Self Adjusting Wire Stripper

- Used for stripping and cutting wire, crimping insulated and non-insulated terminals and crimping ignition terminals
- Cuts and strips 26-8 AWG (0.13-10mm²) copper or aluminium wire
- Crimps 22-10 AWG (0.5-6mm²) insulated & non-insulated terminals
- Fine adjustments can be made to strip wire insulation smaller than AWG24 (0.2mm²) without cutting into the wire

Material No.	Description	Shelf Pack
CWS1	Self Adjusting Wire Stripper	10

Pocket Wire Rope & Cable Cutter - 240mm/9-1/2"

- Shear-cut blades give clean, sharp cut with minimal distortion
- Excellent cutter for 3/16 in thick hard wire rope or cable
- Cuts 1/4 in thick soft wire rope or cable, piano wire or aircraft cable
- Cuts cables up to 3/16 in (5 mm) in size
- Cuts rod up to 3/32 in (2.4 mm) in size
- Easy-to-clean industrial plastic dipped handle grips

Material No.	Description	Shelf Pack
0690TN	190mm/7 1/2" Pocket Wire Rope & Cable Cutter	10

Multi Purpose Cutter - 240mm/9-1/2"

- Center cut blades
- Cuts mild steel (Brinell 140) (80,000 PSI) to 5/32" diameter
- Cuts hard steel (HRC 44) (208,000 PSI) to 3/32" diameter
- NEVER use any H.K. Porter cutters on energised circuits, wire, or cable!

Material No.	Description	Shelf Pack
PWC9	216mm/8-1/2" Mini Bolt Cutter	5

Compact Cutter - 240mm/9-1/2"

- Induction hardened center cut blades
- Recessed notch blade design holds cutting material close for extreme cutting power
- Heavy-duty spring creates a smooth cutting operation and is ideal for repetitive cutting
- Cuts mild steel (80,000 PSI) to 1/4", 6mm diameter

Material No.	Description	Shelf Pack
0890SMC	215mm/8-1/2" Compact Bolt Cutter	5

Rebar Cutter & Bender - 240mm/9-1/2"

- Shear-cut blades
- Cuts and bends to 90° or 180°
- Mounts on most flat surfaces to enhance leverage and increase safety
- Maximum rebar size capacity: 5/8 inches
- Steel construction for durability
- NEVER use any H.K. Porter cutters on electrified circuits, wire, or cable!

Material No.	Description	Shelf Pack
0590RBJN	1320mm/52" Rebar Cutter and Bender - 16mm/5/8"	1

Replacement Jaw Kit - 240mm/9-1/2"

- Replacement head for 0590RBJN
- Shear-cut blades
- Cuts and bends to 90° or 180°

Material No.	Description	Shelf Pack
0513RBJN	Replacement Cutter Head for 0590RBJN Rebar Bender	5

Rebar Bender - 240mm/9-1/2"

- 14-position indexing head adjusts with center push-button to allow total access for maximum leverage
- Dual-use head allows bending of both #3 and #4 rebar
- Push-button extends bender to 35 inches for maximum leverage; collapses to just 21 inches for convenient storage and portability
- Extra-sturdy steel handles for the toughest conditions
- Super-strong indexing head grips rebar securely for accurate bends
- NEVER use any H.K. Porter cutters on electrified circuits, wire, or cable!

Material No.	Description	Shelf Pack
RB4	3/8" (#3) and 1/2" (#4) Extendable Indexing Rebar Bender	6
RB5	5/8" (#5) Indexing Rebar Bender	1
RB6	3/4" (#6) Indexing Rebar Bender	1

The Crescent Lufkin brand

Today, as Crescent Lufkin, the brand is a market leader for measuring products from Apex Tool Group, one of the largest hand tool manufacturers in the world. The extensive Crescent Lufkin line of products includes power tapes, rules, long tapes, measuring wheels, and one of the widest selections of special-purpose tapes and rules available for commercial and industrial use.

Crescent Lufkin measuring products are among the more than 2,600 quality hand tool products offered under the Crescent name – products professional tradespeople know they can trust to get the job done right.

SHOCKFORCE™ G2 AND SHOCKFORCE™ G2 NITE EYE

New Shockforce G2 and Shockforce G2 Nite Eye tapes have wider, thicker blades for 5 metres* reach and a new blade barrier coating for 3X the blade life, but there's more: They have a bolstered case and fastening points, plus dual steel guardrails on both sides of the lock button – all for superior impact protection. They've been 36 metres drop tested for extreme durability. That means they're not just the best performing tapes we've ever made ... they're also the toughest.

36m DROP TESTED
Bolstered Case and Fastening Points
36m drop tested for extreme durability

GEN1 VS GEN2

Learn More

Tether Capable
Integrated thru-hole can be used as a tether loop attachment point when working at height or as a pivot for scribing arcs

Blade Barrier
Protects the first 160mm of the blade that prevents tears that shorten the life of the blade

AVAILABLE IN 8m & 10m

Trusted by the Trades.

A Tape For Every Job

The New Generation 2 is here!

New G2 tapes have a wider, thicker blade for 5 metres* reach so measuring jobs get done faster

SHOCKFORCE G2 - Yellow blade

G2SF832M

G2SF1032M

SHOCKFORCE G2 Nite Eye - Black blade

G2NE832M

G2NE1032M

New Improved Belt Clip

Features an integrated lever that opens the clip slightly for easier attachment and release from a tool belt

WIDER, THICKER BLADE 5m OF STABLE REACH

Improved blade integrity provides longer reach while improving blade retraction and legibility

* Based on maximum performance

2-Sided Blade

Dual-sided blade printed with vertical quick read scale on underside for overhead and hard-to-reach measurements.

Diamond Coated End Hook

Features 360-degree grasping power and nests flush with tape case for ultimate durability

The G2 Nite Eye tapes have a matte finish, white on black markings to increase the tape's visibility in all light conditions

SHOCKFORCE G2 Nite Eye Magnetic - Black blade

G2MAGNE832M

New G2 Magnetic tapes are perfect for measuring metal studs or drop ceiling grids and can double as a pick-up tool

Shockforce™ G2

G2SF832M

G2SF1032M

Shockforce Nite Eye™ G2

G2NE832M

G2MAGNE832M

G2NE1032M

Shockforce & Shockforce Nite Eye™ G2 Tapes

- Thicker protective blade coating in addition to an extra protective barrier on the first 160mm of the blade to provide increased tape durability
- Wider, thicker blade that provides up to 5 metres of reach
- Improved end hook protects the entire front of the tape and prevents the tape from snagging and tearing
- Bolstered case design provides protection against drops from extreme heights. Drop tested from 36 metres
- Redesigned belt clip makes it easier to place the tape on a pocket, belt or bag
- Dual-sided blade printed with vertical quick read scale on underside for overhead and hard-to-reach measurements
- Steel tether point offers increased safety capability when working at height

OPTIMISED, COMPACT CASE DESIGN

Provides users a case that is only 76mm wide, fitting comfortably in the palm. Ideal for easy calculations for inside measurements.

SUPERIOR IMPACT PROTECTION

Dual metal guardrails on both sides of the lock button provide superior protection to keep this tape going strong on the toughest jobsites.

HIGH VISIBILITY NO-GLARE BLADE

Dual sided high contrast white marking and matte finish provides improved legibility in all light conditions

WORKING-AT-HEIGHT CAPABILITY

Tether loop attachment point when working at height and a pivot for scribing and measure circles or arcs

DIAMOND COATED END HOOK

360° diamond abrasive-coated end hook provides 50% more hook grasp and prevents slippage from various surfaces

Ezy-Read Tapes

- Ezy-Read Tapeline. Each numeral on the tape is totally distinct from other numbers.
- This enables excellent definition and makes it difficult to misread the measurement.
- Perfect for measuring applications where the tape is directly away from the operator, such as vertical measurements or measuring long objects or items.

Material No.	Description	Shelf Pack
ELW148MN	Ezy-Read 8m x 25mm Tape Measure	10★

Multi-Read Tape Measure

- Centre scale includes the tape case, for inside measuring. Fits precisely between work edges.
- Left or Right Handed Tape using separate outer scales, synchronised on one face of the tapeline.
- Sure toggle lock button and overcentre lock-shoe
- Small compact tape case

Material No.	Description	Shelf Pack
MR48MN	Multi-Read 8m x 25mm Tape Measure	10★

AutoLock Tape Measure

- Non-slip co-moulded rubber grip
- Tough Hi-Viz® orange ABS plastic body
- Perfect for layout work and any other situations where a yardstick style tape measure is preferred
- The blade stays extended automatically until you squeeze the release to retract it with maximum control

Material No.	Description	Shelf Pack
AL825M	AutoLock 8m x 25mm Tape measure	8★

Hi-Viz Tape Measures

- Ergonomic ABS plastic case to fit your hand
- Printed width for calculating internal measurements
- Blade locking mechanism
- Reinforced 3 rivet end hook
- Clear coating blade protection
- Removable belt hook

Material No.	Description	Shelf Pack
NL526SI	Hi-Viz 8m x 25mm Tape Measure	6
NL526ME	Hi-Viz 8m/26' x 25mm Tape Measure	6

Pro-Grip Tape Measure

- Pro-Grip rubber co-moulded case improves comfort and grip. Durable case design and construction
- Locking mechanism provides effortless, secure locking of the blade without damaging the blade
- Precise, clear and durable markings ensure accuracy and easy measurement under all conditions. Covered by a clear coating for long life
- Reinforced stainless steel end hook provides increased durability and precision
- Belt clip secures tape measure when not in use, which can be removed if preferred

PENCILS
LONG TAPES

2m Bench Top Tape - Vertical Read

- Steel tape, vertical read, 2m long x 13mm wide
- Clear, easy to read graduations with mm markings on both sides and bold red markings every 10cm
- Powerful, peel back adhesive strip securely adheres tape to most surfaces

Material No.	Description	Shelf Pack
LBTV2	Self Adhesive 2m x 13mm Vertical Read Bench Top Tape Measure	12

Executive Diameter Tape

- Designed for measuring diameters of pipe, cable, tyre or any circular object
- Zero falls in the same place on each side of the blade; conversion from diameter to circumference is made simply by turning the blade
- Yellow clad blade
- Easy-to-read bold graduations on yellow background
- Spring action returns blade to case

Material No.	Description	Shelf Pack
W606PM	6MM X 2M Executive Diameter Pocket Tape	6

Artisan Chrome Diameter Tape Measure

- One side of tape shows length, distance around object. Other side of tape shows diameters of object measured
- Rugged, vinyl-covered steel case
- .008" thick blade
- Large easy winding drum and friction washers

Material No.	Description	Shelf Pack
C106PMN	10mm x 6m Artisan® Diameter Chrome Clad® Tape Measure	36

Measuring Wheel - Professional 320mm

- Aggressive tread pattern for improved traction
- Ergonomic, pistol-grip handle for user comfort and control
- Folding design provides minimal storage footprint - now with heavy duty folding mechanism
- Reset button location designed to prevent end user from kicking the button and causing damage

Material No.	Description	Shelf Pack
PSMW48MB	320mm Measuring Wheel Side Counter	4

Measuring Wheel - Centreline 320mm

- Centered wheel for improved balance and accuracy
- Wheel wiper removes debris ensuring consistent results
- Aggressive tread pattern for improved traction
- Ergonomic, pistol-grip handle for user comfort and control
- Folding design provides minimal storage footprint - now with heavy duty folding mechanism

Material No.	Description	Shelf Pack
PSMW48MCLB	320mm Foldable Centreline Measuring Wheel	4

Measuring Wheel - Centreline 100mm

- Centreline wheel increases balance and precision when measuring
- Gear-based measuring increases product longevity over traditional belt design
- Ergonomic, pistol-grip handle for user comfort and control
- Telescoping design provide minimal storage footprint
- Measuring range 999.9 metres

Material No.	Description	Shelf Pack
PSMW18NMB	Centreline Compact Measuring Wheel, 100mm	8

MEASURING WHEELS

Combination Square

- Stainless steel rule
- Zinc alloy body construction
- Machined surfaces for greater accuracy
- Metal scribe head & knurl nut
- Metric and imperial graduations etched into stainless steel

LCS6

TOOLS INNOVATIONS

Our chalk reel design process: Improve. Repeat. Repeat again.

Our revolutionary new 30 metres Professional Chalk Reel has three innovative features that put it ahead of any other reel on the market: A one-way valve makes refilling quick and clean, a locking hub makes snaps neat and fast, and a nesting end hook ends tool bag tangles.

The reel also has a 6:1 gear ratio for faster retraction and braided line for better chalk retention. Use it with new high-visibility Crescent Chalk and get sharp, accurate lines on every snap.

REWIND

30 Metres Professional Reel

A professional-grade chalk reel designed with innovative features for superior performance and improved productivity.

NESTED
END HOOK

ROTATING
HUB LOCK

Fold-Away Rotating Hub with 6:1 Gear Ratio

For faster rewind and better protection when stored in tool bag

Secure Locking Chalk Box Access

Provides traditional refill option

ENHANCED
3X
GRIP
ENDHOOK

Nesting End Hook

Retracts into case and locks in place, preventing tool bag snags

Thumb-Activated Hub Lock

Holds line securely to make snapping process cleaner and faster

Chalk Family

Quality chalk designed for increased line visibility, regardless of the light conditions or surface.

One-way Chalk Valve

For quick, no-mess refills

FASTER
3X
REWIND

30 Metres Compact Reel

A quality reel designed in a compact, easy-to-carry size.

Push-Button Clutch

Disengages line for fast unreeling without handle spin

Fold-Away Handle

Locks in place to prevent breakage or inadvertent unreeling

Ergonomic Case

Designed to fit better in hand for easier use and less fatigue. Also available with full aluminum body.

Lufkin 30m/100' 1:1 Rewind Aluminium Chalk & Reel with Blue Chalk

- Single hand hub lock allows user to stop line in place and snap lines with only one hand
- Nesting end hook retracts into a nested position, protecting the hook from unwanted snags
- Reinforced string perfectly braided for the best balance between chalk retention and reduced overspray
- One-way chalk refill valve designed for quick refills without the mess

Material No.	Description	Shelf Pack

Great Things Come in Small Packages

New Crescent Levels are the perfect solution for cramped spaces where the length of most levels is a problem. Their large magnified vials are readable in low light areas, while sturdy aluminum frames provide durability and protection against breakage and misalignment if the level is dropped. Permanently embedded rare earth magnets hold securely to surfaces, allowing pros to continue working without the level falling off. Most importantly, their compact design makes them perfect for on-the-go use, easily carried in a pocket or tool pouch.

Billet Torpedo Level

LBL1100-02

Integrated Tether Point
Milled hole for tethering or peg hanging

V-Groove Along Top Side
Giving the level a perfect fit on pipes and rounded surfaces

Magnified Vial
Primary vial 25% larger than competition; includes pitch lines

Three Embedded Magnets
Strong rare earth magnets keep the level in the right location while working on the jobsite

Weld/Joint Clearance
Allows billet level to be placed over weld joints or fittings and remain accurate

Pocket Level

LPL1100-02

Aluminum Torpedo Level

LTLA1100-02

Trusted by the Trades.

Specialty Angle Pocket Level

LSL1100-02

Enlarged, Indexing Vial

Large vial indexes to angles commonly used across multiple trades

Composite Torpedo Level

LTL1100-02

Magnetic Pocket Level

- Magnifier vial makes bubble easier to see, improving accuracy even in low light
- Durable aluminum housing protects against damage from drops
- Dual rare earth magnets embedded in the housing provide powerful holding force
- Compact design for easy fit into pockets, tool belts and bags

Material No.	Description	Shelf Pack
LPL1000-02	Magnetic Pocket Level	6

Magnetic Specialty Angle Level

- Push-button adjustability allows user to position vial at preset or custom angles
- Rare earth magnet on bottom v-groove for maximum holding force
- Durable aluminum housing protects against damage from drops
- Foldable, compact design for easy fit into pockets, tool belts and bags
- Tether hole for working at heights

Material No.	Description	Shelf Pack
LSL1100-02	Magnetic Specialty Angle Level	6

Composite Torpedo Level

- Large center vial offers improved visibility
- Aluminum reinforcement in critical areas protects against drop damage
- Strip magnet locked in place to prevent separation
- Additional pair of pitch lines on the center vial offers 6.4mm pitch reference

Material No.	Description	Shelf Pack
LTL1000-02	229mm/ 9" Composite Torpedo Level	6

Aluminum Torpedo Level

- Large center vial offers improved visibility
- Full aluminum frame for better protection against drop damage
- Rare earth magnets permanently embedded in frame provide stronger holding force
- Additional pair of pitch lines on the center vial offers 6.4mm pitch reference
- Straight edge along main vial makes scribing lines easier

Material No.	Description	Shelf Pack
LTLA1100-02	229mm/ 9" Aluminium Torpedo Level	6

Aluminum Billet Level

- Large main vial offers improved visibility
- Full aluminum body for best protection against drop damage
- Rare earth magnets permanently embedded in frame provide stronger holding force
- Additional pair of pitch lines on the center vial offers 6.4mm pitch reference
- V-groove on bottom side maximises grip onto pipes and conduit
- Built-in tether hole and weld clearance cutouts provide added functionality

Material No.	Description	Shelf Pack
LBL1100-02	229mm/ 9" Aluminium Billet Level	6

Torpedo Level

- 3 Vial - Horizontal, vertical and 45 degree
- Magnetic measuring surface
- Multi-purpose level for everyday use
- Plastic (ABS) construction
- Lifetime guarantee against leakage or fading of vial

Material No.	Description	Shelf Pack
PTM520	90mm x 250mm Magnetic Plastic Torpedo Level	5

Inclinometer Level - NM13

- Inclinometer plate that can attach to a spirit level to help calculate angles or gradients
- The circular scale measures values:
 1. Includes 130mm x 130mm inclinometer plate attached to a 130mm box section level™ with magnetized base to attach to other levels or straight edges
 2. Angle degrees 4 x 90°, 1 division = 0.5°
 3. Gradients 0-100 %
 4. Incline ratios

Material No.	Description	Shelf Pack
645015EM	130mm Inclinometer to fit into Magnetic level	20

Inclinometer Level - NAM50

- Inclinometer plate that can attach to a spirit level to help calculate angles or gradients
- The circular scale measures values:
 1. Angle degrees 4 x 90°, 1 division = 0.5°
 2. Gradients 0-100 %
 3. Incline ratios

Material No.	Description	Shelf Pack
645050EM	500mm Inclinometer on Magnetic Level	20

Bricklayer's Line

- Hi Viz colours (Pink and Lime)
- Lengths available: 50m & 100m
- No. 8 braided line ensures maximum strength and durability
- Convenient spool to house the line"

★ THESE PACKS CANNOT BE BROKEN

Self Levelling Green Multi Line Laser Level Kit

- Green laser (visible for longer than red lasers)
- Cross line and plumb up and plumb down
- Includes tripod and belt holster
- Auto levelling
- Auto shutdown upon excessive tilting

Cat No.	Shelf Pack
LCL35G	12

Set Contains:	
Laser level	Level built into the tripod
2 x AA batteries	Metal tripod socket
User manual	Smooth height adjustment (28-66cm)
Tripod	Self-levelling laser level
Belt pouch	

Optical Auto Level X20 Kit

- General surveying up to 200m, sited slab preparation, determining water drainage, kitchen cupboards, wall and floor tiling
- Dampened compensator
- Compensator lock protects instrument during transport or storage
- The lock can also be used as a compensator checking tool
- Top-mounted optical peep-sight for quick reference
- Large, easy to use focusing knob
- Levelling screws
- Weather sealed housing
- 5/8" x 11 tpi thread to fit standard tripods
- Safety orange for easy visibility on building sites

Cat No.	Shelf Pack
LAL20XKT	1

Set Contains:	
Auto Level (20X), survey rod, dome head, tripod, hard carry case, safety vest	

Accessories - Flat Head Tripod

- Quick action set up
- Heavy duty ground spikes for stability
- Flat head style
- 5/8" thread connector
- Closed length: 990mm
- Extended length: 1650mm

FLAT HEAD

Flat head with 5/8" x 11 tpi thread will accept most standard dumpy and Laser levels

HEAVY DUTY GROUND SPIKES

Feet have hardened point and step for quick and easy seating in softer surfaces

QUICK SET & RELEASE

Quick release leg clamps for quick and easy height adjustment. Collapsed height 990mm
Extended height 1350mm

CARRY STRAP

Strong Webbing carry strap for storage which includes a convenient carry strap which can be slung over the shoulder

STABILITY

Chains to limit leg movement for improved stability on slippery surfaces

Material No.	Description	Shelf Pack
TR3034	1650mm 5/8" Thread Flat Head Tripod	4

Accessories - Survey Rod, 4m

- Aluminium construction
- Lightweight and portable
- Front displays measurements in 5mm increments for ease of reading at longer distances
- Back displays measurements in mm
- Bubble vial for accurate vertical alignment

Material No.	Description	Shelf Pack
LS3034	4m Telescopic Survey Rod	10

Shaping

Files • File Sets

The Crescent Nicholson Brand

Today, as Crescent Nicholson, the brand is a market leader for manual material removal products from Apex Tool Group. The extensive Crescent Nicholson line of products includes files, rasps, saws, and accessories.

Crescent Nicholson manual material removal products are among the more than 2,600 quality hand tool products offered under the Crescent name – products professional tradespeople know they can trust to get the job done right.

File Terminology

Length is measured exclusive of tang, from point to heel. Desired stroke length, type of material and its size will determine length required.

Kinds of Teeth

Single set of parallel, diagonal rows of teeth. Single-cut files are often used with light pressure to produce a smooth surface finish or to put a keen edge on knives, shears or saws.

Two sets of diagonal rows of teeth. The second set of teeth is cut in the opposite diagonal direction and on top of the first set. The first set of teeth is known as the overcut while the second set of teeth is called the upcut. The upcut is finer than the overcut. The double-cut file is used with heavier pressure than the single-cut and removes material faster from the workplace.

Teeth arranged in curved contours across the file face. The curved-cut file is normally used in automotive body shops for smoothing body panels.

Description

Work to be accomplished, roughing or finishing, will determine type of teeth and coarseness for each application. Most files are available with three grades of cut: bastard-cut, second-cut and smooth-cut.

The degree of coarseness is greater in longer files, but differences between bastard, second-cut and smooth are proportionate.

Carded Files with handle

Bulk Uncarded Files - no handle

THE RIGHT FILE FOR THE JOB

HAND FILE:	For finishing flat surfaces.
ROUND FILE:	For circular openings and concave surfaces.
HALF ROUND FILE:	For flat, concave and convex surfaces.
HANDY FILE:	For tool sharpening and general filing.
MAGICUT FILE:	For use on aluminium, brass, bronze, copper, hard plastics, stainless steel.
SQUARE FILE:	For filing slots, key seats and general surface filing.
HALF ROUND WOOD RASP:	For use on wood and soft metals.
CHAINSAW FILE:	For sharpening round, hooded chainsaw teeth.
WOODCRAFT FILE:	For use on wood, leather and soft metals.
DOUBLE ENDER FILE:	For sharpening saws with 60° angle.
FLAT FILE:	For general work on iron, steel, etc.
WARDING FILE:	Locksmith's file for ward notches in keys and narrow places.
CANTSAW FILE:	For sharpening circular saw blades.
BODIFILE FILE:	For automotive panel filing.
MILL FILE:	For draw filing in machine shops, fine finishing and tool sharpening. Also used to file large circular saw blades.
TAPER FILES:	For sharpening hand saws.
SWISS PATTERN FILES:	For exact filing of extremely fine cuts. Suitable for toolmakers, watchmakers and jewellers.

Care of the file

The teeth of the file should be protected when the file is not in use by hanging it in a rack or keeping it in a draw with divisions.

Files should always be kept clear of water or grease since this impairs the filing actions. It is advisable to wrap the file in cloth for protection when it is carried in a tool box.

The file teeth should be kept clean at all times by using a file card to clear the grooves between the teeth or a wire file brush.

Chainsaw File with Cushion Grip Handle - Carded

- American pattern file with knurl cut
- Tighten tension on chain to firmly support cutters when filing
- Place file against beveled cutting surface of teeth 20° to 45° with saw
- File from inside to outside of cutter
- Sharpen all left-hand cutters on one side of chain and move to the other side and file all the right-hand cutters

Material No.	Description	Shelf Pack
901716C	200mm/8" x 4.0mm Chainsaw File with Cushion Grip Handle	5
901765C	200mm/8" X 4.8mm Chainsaw File with Cushion Grip Handle	5
901888C	200mm/8" x 5.6mm Chainsaw File with Cushion Grip Handle	5
901971C	200mm/8" x 6.4mm Chainsaw File with Cushion Grip Handle	5
901590C	150mm/6" x 3.2mm Chainsaw File with Cushion Grip Handle	5

Flat Aluminium - Bulk (No Handle)

- American pattern, flat file specifically designed to file aluminium
- Special tooth construction eliminates clinging and clogging when filing aluminium
- Flat shape fits into restricted areas and removes material quickly
- All sizes have same number of teeth per inch
- Obtain a smooth finish by using a shearing cut in a leftward motion

Material No.	Description	Shelf Pack
00070NN	300mm/12" Flat Double Cut Aluminium Type "A" File	6★

Flat Bastard with Cushion Grip Handle - Carded

- Bastard cut, American pattern flat file
- Ideal for machinists, machinery builders, ship and engine builders
- Can be used effectively by repairmen and others who require rapid removal of metal
- Rectangular cross section allows you to smooth and sharpen straight surfaces, while slight taper in width towards the file's point creates ease of access in slots

Material No.	Description	Shelf Pack
903468C	150mm/6" Flat Bastard File with Cushion Grip Handle	5

Striking & Struck

Hammers • Wrecking & Pry Bars

Strike Out Vibration

Crescent, the brand that has brought market-leading innovation to numerous hand tool categories, now brings that same innovation to our line of professional hammers. Forged steel heads and handles with revolutionary Vibeguard™ technology make these hammers best-in-class at vibration reduction. Crescent hammers are also precisely balanced for better swing force and have a 15% larger sweet spot for greater accuracy with every swing.

Textured Fawn's Foot Grip/Tether Ready
Ergonomically sound and sure grip

VibeGuard™ Vibration Control System

Utilises vibration dampening slot technology, coupled with a vibration control handle made from proprietary materials to minimise vibration when striking by 70%

Optimised Strike Face

15% larger bell to minimise mishits, and optimises market leading power to weight performance

Magnetic Nail Starter

Stronger, faster way to one-handed nail set

CHSGP20

VIBE GUARD™
70% LESS VIBRATION

Vibration dampening slot technology

20 oz Steel General Purpose Rip Hammer

- Utilises vibration dampening slot technology, coupled with a vibration control handle made from proprietary materials to minimise vibration when striking by 70%
- Optimised strike face with 15% larger sweet spot to prevent miss hit and provide greater impact
- Magnetic nail starter holds nails securely under the hammer head for quick and easy one hand nail starting
- Textured fawn's foot grip gives users an ergonomically sound and sure grip on the hammer
- Precision-balanced design with precise weight distribution leads to better accuracy and amplifies force of each swing

Material No.	Description	Shelf Pack

- Rivets for extra strength and durability
- Tough Terylene stitching
- Fully tested and guaranteed

Material No.	Description	Shelf Pack
GET2P	11 Pocket Electricians Tool Bag	20

Tool Bag - 32 Pocket

- Industrial tough
- All tool bags, holsters and belts are made from durable 600 Denier material and are tear and weather resistant
- Rivets for extra strength and durability
- Tough Terylene stitching
- Fully tested and guaranteed

Material No.	Description	Shelf Pack
CTB32P	32 Pocket Tool Bag	12

Tradesperson Closed Top Tool Bags

- Professional grade closed top bag is ideal for everyday use in rugged conditions
- 3 exterior pockets and a 29-pocket interior tool wall provide additional organisation
- Hard polypropylene base resists moisture and withstands impacts, delivering lasting durability
- Bright orange interior helps you find your tools faster in darker environments
- Made with 1680D polyester and metal hardware to hold up on the toughest jobsite
- 13 PALS-style loops on the outside of the bag provide quick, easy access to your frequently used tools
- Inner sleeves are open at the bottom so small items won't get lost deep in narrow pockets
- Adjustable, padded shoulder strap and padded nonslip bar handle make carrying the bag more comfortable
- Includes a water bottle holder and a tape measure clip for added convenience
- Top-quality YKK zipper comes with a 3-year warranty and an oversized pull for added convenience

CTB1450N	356mm/14" Tradesperson Closed Top Tool Bag	4
CTB1750N	432mm/17" Tradesperson Closed Top Tool Bag	4

508mm/20" Contractor Tool Bag

- Professional grade contractor bulk bag is perfect for everyday use in rugged conditions
- 11 exterior and 19 interior pockets provide a variety of storage and organisation options for materials, tools and small parts
- Hard polypropylene base resists moisture and protects the bag from wear and tear in tough environments
- Bright orange interior helps you find your tools faster in darker environments
- Made with 1680D polyester and metal hardware to hold up on the toughest jobsite
- 13 PALS-style loops on the outside of the bag provide quick, easy access to your frequently used tools
- Two padded handles make carrying the bag more comfortable and distribute the bag's weight for added durability
- Padded shoulder strap provides convenient, hands-free transportation
- Top-quality YKK zipper comes with a 3-year warranty and an oversized pull for added convenience

Material No.	Description	Shelf Pack
CTB2010N	508mm/20" Contractor Tool Bag	2

Tradesperson Open Top Tool Bags

- Professional grade open top bag is ideal for everyday use in rugged conditions
- 17 interior and 8 exterior pockets line the bag, so you can keep your equipment in order
- Hard polypropylene base resists moisture and withstands impacts, delivering lasting durability
- Bright orange interior helps you find your tools faster in darker environments
- Made with 1680D polyester and metal hardware to hold up on the toughest jobsite
- 2 exterior pocket sleeves for small parts such as sockets or screws
- Center metal handle meets durability standards and provides comfort while carrying the bag from job to job
- Adjustable, padded shoulder strap and padded nonslip bar handle make carrying the bag more comfortable
- Top-quality YKK zipper comes with a 3-year warranty and an oversized pull for added convenience

Crescent Cable Ties - Wiss® Tensioning Tool

Material No.	Description	Shelf Pack
WT1	190mm/7-1/2" Cable Tie Tensioning Tool	4

Suspension Hangers

- Increase Workplace Safety - Suspension hangers allow you to safely run cables and store items off the ground and out of the way thereby removing tripping hazards
- Neat and tidy - Use suspension hangers to lift and store away all types of workplace, leisure and gardening equipment such as bikes, paint cans, cables, etc
- Will hold just about anything - Maximum working load 10kg

Material No.	Description	Shelf Pack
CSH60	Cable Hanger	60

Wood Chisel Set

- High performance chrome vanadium blades
- Non slip rubber handle
- Robust nylon storage/carry case
- Tang thru design
- Contains 12, 19, 25 & 32mm chisels

WOOD CHISEL SET

Material No.	Description	Shelf Pack
PCST4	4 Pc. Tang-Thru Wood Chisel Set	8

Knee Protector - Navy/Blue

- Designed for all trades, home & garden
- Acid, oil and heat resistant face
- Easy to adjust straps
- Removable inserts
- Clam shell packaging

Material No.	Description	Shelf Pack
LKPN	Knee Protectors Blue/Black 2 Straps	12

Knee Protector - Professional

- Black/blue strap
- Single strap
- Lightweight
- Upper shin protection
- Clam shell packaging

Material No.	Description	Shelf Pack
LPPB	Knee Protectors Blue/Black Pro Single Strap	12

Wiss® Ratcheting Pipe Cutters

- Cuts copper, brass, aluminium, and thin-wall conduit material
- Made from high-carbon chrome steel
- Includes 2 interchangeable wheels for added convenience
- Easily replaceable cutting wheel installs with a small standard screwdriver

Material No.	Description	Shelf Pack
WRPCLG	175mm/7" Large Ratcheting Pipe Cutter	6

Fish Tape

- 3 strands for additional strength
- Made of POM plastic. Polyoxymethylene (POM) is an engineering thermoplastic used in precision parts that require low friction and has excellent abrasion resistance
- Includes storage/dispensing tube

Material No.	Description	Shelf Pack
CFT30	30m x 6mm Cable Fish Tape	6

Fish Tape Lubricant

- Wax based formula provides superior lubrication
- Applies easily and uniformly
- Clings to cable even through long pulls
- Temperature stable – it does not liquefy
- No mixing required
- Does not dry out fast

Material No.	Description	Shelf Pack
CL100	1L Fish Tape Wax Based Lubricant	12

Voltage Detector

- Does not dry out fast
- Adjustable sensitivity allows tracing of wires behind walls, at switches or receptacles
- Features include Sensing Tip, 360° Visual Indicator and Sensitivity Adjustment
- Not tested for DC. No more than 12V DC

Material No.	Description	Shelf Pack
CVS600VN	12V-1000V Voltage Tester	10

Electric Irons Soldering

- Ideal for the home workshop
- Replaceable tip
- Comfort grip handle
- Includes soldering iron stand

Material No.	Description	Shelf Pack
N25D	25W 240V Soldering Iron	6
N40D	40W 240V Soldering Iron	6
N80D	80W 240V Soldering Iron	6

Magnetic Welders Clamp

- Premium quality materials
- Product tested for maximum strength
- 100mm
- 45° / 90° / 135° angle
- Applications include welding, soldering, assembly, marking off, pipe installation, or as a floater

Material No.	Description	Shelf Pack
CWC100	100mm/4" Magnetic Welding Clamp	9

Hand Riveter

- Industrial Hand Riveter
- 4 Jaw sizes- 2.4mm, 3.2mm, 4.0mm, 4.8mm
- Jaws are colour coded for easy identification
- Induction hardened Cr-Mo alloy jaws
- 7mm working stroke
- Working stroke is adjustable to make easier or quicker to squeeze

Material No.	Description	Shelf Pack
CHR10	Industrial Hand Riveter	6

Chalking Gun

- Tough and durable ABS plastic construction
- Strong sturdy steel rod quick release plunger system
- Comfortable grip for repetitive use
- Fit most caulk and sealant cylinders
- Suitable for medium duty sealant applications

Material No.	Description	Shelf Pack
NCG1	229mm/9" Skeleton ABS Caulking Gun	24

Glue Gun

- Power on indicator gun
- 1.8m power cord
- 6 x glue sticks (11mm diameter x 100m length)
- Storage case
- Bonds most materials (glass, ceramic, heavy fabrics, cardboard, wood and many more)

Material No.	Description	Shelf Pack
CGG65	Glue Gun Set	1
NGGS10	10 Pk. 11mm Glue Sticks	1

TRADE TOOL KITS

Apex Tool Group prides itself on offering tool kits that can deliver top performance and productivity for the trade professional, whilst at the same time providing maximum value. The range of Trade Tool Kits includes tools from Crescent and all its sub-brands, Crescent Lufkin, Crescent Wiss, Crescent Nicholson, and Crescent HK Porter. These professional kits are equally suited to apprentices as they are seasoned tradespeople and offer premium branded products designed to withstand the rigorous demands of a busy workplace and keep performing day in and day out.

The Apprentice Kits from Apex Tool Group represent great value for money, from reputable brands that you can trust. Each kit has a range of specially selected tools to suit the Apprentice Electrician and are available at two different price points and importantly qualify for government support for the apprentice. Apex Tool Group Apprentice kits are without doubt the most comprehensive kits on the market, offering “Market Leading” products preferred by the tradesperson, such as Crescent Linesman’s Pliers, Wiss Aviation Snips and Lufkin Measuring tapes, to name but a few.

The premium brands offered in the Apex Tool Group Apprentice kits include Crescent, Crescent Lufkin, Crescent Wiss, Crescent Nicholson, Crescent H.K. Porter, and PORTER. With the many Apprentice kits offered by Apex Tool Group, apprentices can be confident they are making a wise choice, knowing they are buying tools from a reputable supplier, backed by a quality guarantee and after sales service second to none.

Weller 30w Wood Burning Hobby Soldering Iron Kit

15 piece set, including 12 tips, ideal for wood burning, sculpting, adding accents, stencil cutting, pattern transfers, hot knife cutting, embossing and branding

- Set contains 6 Woodburning tips, Hot Knife Tip with Blade Chuck, Pattern Transfer Tip, 3 Branding Tips, Iron Stand and complete Project Book
- Boxed in plastic presentation case

Material No. **WHK30AU**

Weller Soldering Work Station Mat - Special order

- Protect your workspace with the Medium 455 x 300 mm silicone mat.
- Surface Protection: Silicone soldering mat protects your workspace from burns by resisting temperatures as high as 570°F/300°C.
- Clean & Tidy Workspace: Maintain a clean and organised soldering work environment. Ensure no small parts or tools are lost with individual compartments and placement slots for efficient organisation.

Material No. **WLACCWSM2-02**

■ SOLDERING ACCESSORIES

Weller Helping Hands with 4 Magnetic Arms

Free up your hands and secure and protect your soldering projects with Weller's Helping Hands with 4 Magnetic Arms. Enjoy adjustable and flexible positions with magnetic gooseneck arms with alligator clamps that are easily positionable for multiple configurations.

- Four magnetic gooseneck arms with alligator clamp secured to the base that can be easily positioned for multiple configurations.
- Easily reposition the magnetic gooseneck arms to hold your project to improved precision and flexibility.

Material No. **WLACCHM-02**

Weller Heat Resistant Gloves

Safely and comfortably protect your hands when soldering with Weller's Heat Resistant Gloves. Protects against high temperatures and with a universal size that is easy to wash and dry, they're the perfect combination of safety, breathability, feel and comfort.

- Heat-resistant & Comfortable
- Protect your hands from soldering and hot air, up to 392°F/200°C with the gloves' heat-resistant, silicone dots.
- Washable and easy-to-dry gloves fits both men and women (approx. 9.5" x 5.5") and can be used on left or right hand.

Material No. **WLACCSG-02**

Weller 200g Butane Gas Refill

Gas Butane Aerosol for Soldering Irons. Suitable for all Weller butane powered soldering irons.

- Butane gas refill canister
- Extra Filtered
- Australian Made

Material No. **BR200**

Weller 60/40 85g Rosin Core Solder

A general purpose, rosin core solder ideal for the majority of solder work from copper pipe, wires, metals and more

- 180 Lux
- Triangular area
- Co-moulded, soft-grip ribbed handle design for maximum comfort
- Three high-temperature, long-life LEDs for superior soldering accuracy

Material No. **WS1085** - 1.0mm

Material No. **WS1685** - 1.6mm

Weller Soldering Brass Sponge Tip Cleaner with Silicone Holder

Clean and remove residual solder from your soldering iron tips without water with Weller's Soldering Brass Tip Cleaner with Silicone Holder. Simply plunge the iron tip into brass coils that clean, prevent rust and extend tip life. Increase tool safety and stability with the slip-resistant silicone holder.

- Reduce Residue on Tip and Extend Tip Life
- Effectively remove residual solder from your soldering tools
- Prevent Tip Cool Down
- Maintain tip temperature when compared to cellulose sponges, improving the productivity and quality of solder joints.

Material No. **WLACCBSH-02**

Weller Solder Aid Kit 6 Double sided Tools

Experience precise and improved soldering with Weller's Solder Aid Kit with 6 Double-sided Tools that offer multi-functional capabilities. Use to bend and hold leads, remove dust and contamination, adjust pins and components, and many other necessary tasks.

- Multi-functional Capabilities
- Includes bending and holding leads, removing rust and contamination, adjusting pins and components, and many other necessary soldering tasks.
- Remove Components
- Dual-sided Hook assists in removal of components.
- Bend, Hold & Adjust Leads

Material No. **WLACCSAK-02**

Weller[®]

WELLER[®], a name well known around the world has been the leading brand in professional quality soldering equipment since 1945. In addition to its famous irons and soldering guns.

We are the premiere experts in hand-soldering solutions. We know when something that might seem easy is in fact a job for professionals. Above all, we listen to what you need and we implement solutions that work for you.

T0052922299N	WTP90 Solder Pencil Only	037103308252

- WTP90 complimented by new high-mass THM tips!
- 24 Volts and 90 watts

Soldering Stands

Material No.	Description	APN/UPC
T0051515299N	Soldering Stand	037103308061

- compatible with WXMP, WXUP, WTP90 and WP120 including MS variants
- The user is free to chose between dry and wet cleaning
- Including tip retainer

T0051515299N

Material No.	Description	APN/UPC
T0051517499N	Safety Rest for WTP 90	037103308160

- The unique, reversable WSR safety rest flips between sponge and brass wool

T0051517499N

Material No.	Description	APN/UPC
PH1201ESD	Soldering Stand WITH SPONGE	037103591135

- For use with: ec1201p, ec1204p, ec1201a, tc201t irons

PH1201ESD

Material No.	Description	APN/UPC
T0058770706	Soldering Iron Holder For WEP 70	037103325754

- Allows you to safely put down your soldering iron
Removes the need to completely shut down your soldering iron before putting it down

T0058770706

■ PYROPENS

Pyropens

WPA2 PIEZO IGNITION (SELF) LIGHTING

APN/UPC	Shelf Pack
● 590435	30

Kit includes:

- 1 x WPT-2 soldering tip
- 1 x WHC-52 hot blow tip
- Metal kit box

See Apex Tool Group Electronic Catalogue for Tool Selection.

Replacement Tips

- WPAB Burner Unit
- WPTB Pyropen Tip Spade 35° 2.0mm
- WPT1 Soldering Tip, Taper Needle 1.0mm
- WPT2 Soldering Tip, Chisel 2.0mm
- ETO Soldering Tip, Long Conical 0.8mm

Tips Compatible With

- WPA2
- WPA2
- WPA2 & WSTA3
- WPA2 & WSTA3
- WPA2

WSTA3 SOLDERING, HOT BLOW AND TORCH FLAME FACILITIES

APN/UPC	Shelf Pack
● 472281	6

Kit includes:

- 1 x soldering tip
- 1 x hot blow tip
- Torch ejector tightening bar
- Metal kit box

Replacement Tips

- WPT1 Soldering Tip, Taper Needle 1.0mm
- WPT2 Soldering Tip, Chisel 2.0mm

Tips Compatible With

- WPA2 & WSTA3
- WPA2 & WSTA3

WSTA6 JNR POCKET SIZE WITH AUTO IGNITION

APN/UPC	Shelf Pack
● 146571	10

- Fitted with pocket clip
- Suitable for soldering and hot blow applications
- 1 x WPT-01 tip

See Apex Tool Group Electronic Catalogue for Tool Selection.

T0051607499 JUMBO (SELF IGNITING)

APN/UPC	Shelf Pack
4003019002085	30

- Soldering temperature range 250°-500°C
- 1 x 72-01-02 tip
- 1 x hot blow tip
- Torch ejector with tightening bar

See Apex Tool Group Electronic Catalogue for Tool Selection.

Weller Portasol

P1C PORT. CORD/1 REFILL GAS POW. SOLDERING TOOL, CARDED

APN/UPC	Shelf Pack
● 593368	6

- Does not require cords, batteries or cartridges
- Patented soldering tool has a catalytic converter that provides a powerful yet safe flameless combustion
- Refills with butane fuel - Weller® BR200
- Tank holds gas for 90 minute operation
- Ideal for a wide variety of soldering and desoldering jobs at work or at home
- Develops 850°F/454°C

Butane Soldering

PSI100K BUTANE POWERED SOLDERING IRON

APN/UPC	Shelf Pack
● 060976	20

- [Replacement tips: PSI1](#)
- Kit includes:
 - 1 x soldering, hot blow and cutting tip
 - Torch flame facility
 - Equivalent to 20-125 Watts
- Tip includes:
 - PSI-6, PSI-8, PSI-9, PSI-10
 Refer to Electronic Catalogue for Tip Selection Chart.
 Full range of PSI Tips are available.

High Precision Tweezers

Erem Tweezers Introduction

The following pages show a selection of Erem high precision tweezers for the electronics industry. They are available in various shapes, finish, and materials such as: Temperature resistant to 300°C.

Suffix	Material
S	Stainless Steel
SA	Non-magnetic, anti-acid alloy
N	Non-magnetic nickel-silver alloy
TA	Non-magnetic titanium
None	Tempered carbon steel

Reference Dimensions

Erem Coatings

The exclusive Erem Pyroplast coating is available by special order on many models. This coating protects sensitive parts against temperature change.

Features and benefits:

- Twice the heat resistance of Teflon (500°C)
- The non-stick property of the Pyroplast coating results in no capillary effect on the tweezers tips while soldering
- No contamination can be caused by either a positive or negative charge
- Resistant to radiation
- Coating thickness is 40 microns

Typical applications for Erem high precision tweezers:

- Electronic assembly
- Component handling
- Soldering
- Wire and lead cutting
- Gripping
- Wafer handling
- Wire stripping
- Biomedical

Pointed Tips Straight

AASA PRECISION TWEEZERS

APN/UPC	Shelf Pack
00431247609237	1

- Precision tweezers
- Special stainless steel
- Non-magnetic
- 120mm, 16g

2ASA, 15AGW PRECISION TWEEZERS

Knives

XN100 LIGHT DUTY KNIFE

APN/UPC	Shelf Pack
● 487681	6

- Designed for light duty cutting on paper, soft and light materials or wood

Light & Medium Duty Knife Set

XNS100 XN100 & XN200 + 10 BLADES

APN/UPC	Shelf Pack
● 487742	6

- Designed for a wide range of cutting operations
- Contains 10 assorted blades
- XN100 designed for light duty cutting on paper, soft and lightweight materials
- XN200 designed for heavy paper and medium density materials

Blades for XN100

Material Number	Description	APN/UPC	Shelf Pack
XNB101	5-Standard blades General duty for cutting, carving and correcting stencils	● 487759	6
XNB103	5-Fine pointed blades For most detailed cutting and stripping	● 487766	6

Screwdrivers

XP600 6PC. PRECISION SLOTTED & PHILLIPS® SCREWDRIVER SET

APN/UPC	Shelf Pack
● 157713	10

- Precision slotted and Phillips® screwdriver set, ESD safe
- ESD safe to provide protection to ESD sensitive items
- Chrome-molybdenum vanadium steel blades provide superior strength
- Fast turning swivel caps provides optimum control for precise centreing
- Black oxide tips for longer wear life
- No-roll handle design keeps drivers from rolling off uneven surfaces
- Storage case provides a home and keeps drivers safe
- Phillips® is a registered trademark of The Phillips Screw Co.

Soldering Aids

Terms and Conditions

All orders are subject to acceptance by Apex Tool Group Pty Ltd Alexandria NSW. Orders are accepted only on the basis of prices ruling on the date of shipment, unless otherwise agreed.

Credit Claim

Claims for shortages, breakages, etc., must be made within 14 days on receipt of goods.

All orders will be shipped CPT Carriage Paid to destination, or as negotiated.

Small Order Charge

For orders of less than \$250.00 excluding GST an order processing charge of \$20.00 + GST will apply. Back orders and spare parts are exempt from this condition.

Finish

We reserve the right to furnish, without notice, whatever finish is available regardless of catalogue descriptions.

Trading Terms

Payment received within 30 days of the last day of the month in which the invoice was raised. Cash discounts 2% for Payment by cheque or E.F.T. (excluding credit card) received within 10 days of the last day of the month in which the invoice was raised.

Minimum Annual Spend

To maintain an account with Apex Tool Group Pty Ltd, a minimum annual spend of \$5,000 excluding GST, is required each year. Should sales fall below this amount in any one calendar year, you will be given the opportunity to discuss your situation with Apex Tool Group and to increase your sales over the following 6 month period. Should this not occur, your account will be closed at Apex's discretion.

Rebates

All rebates are dependent on the recipients account being conducted as per our Terms and Conditions.

Freight

Chargeable freight to the customer will be prepaid and charged on our invoice.

Product Returns

All returns of Apex Tool Group products should be to the factory, via our specified carrier.

Sydney Mainfreight Transport - Prestons
50 Yarrawa Street
Prestons NSW 2170

Goods Returned Under Warranty

Postal or freight charges via our specified carrier both to the factory and on return will be for the account of Apex Tool Group.

Goods Returned for Repair

Postal or freight charges to the factory will be for customers account and return charges will be for account of Apex Tool Group.

Goods Returned for Credit

Any Apex Tool Group product may only be returned with written permission of Apex Tool Group Pty Ltd Alexandria. All products must be new, of current design and in a resaleable condition. Credit will then be issued at the original purchase price, less a 15% handling service fee.

Apex Tool Group Pty Ltd
Suite 201, Level 2
184 Bourke Road
Alexandria, NSW 2015
Phone: 02 6021 6666
Email: salesaus@apextoolgroup.com

Stock Adjustment Policy

All requests to return merchandise must be approved by Apex Tool Group. An offsetting order of equivalent value must accompany the request for stock adjustment. An offsetting order must be for standard price listed items at current prices and standard terms (no promotions, specials, dating orders, contract items or merchandisers). Proof of purchase must be established on all items.

Apex Tool Group will not accept the return of a product as part of a stock adjustment return which was not originally purchased from Apex Tool Group. The price shown on the Request for Return must coincide with the price list in effect at the time of original supply. The inclusion of a copy of the original Apex Tool Group invoice on which the item was shipped, will expedite the processing of the adjustment. Inventory adjustments will be credited at the actual cost paid by the distributor as determined by proof of purchase, going back one year. A 15% handling service fee will be assessed.

After authorisation is received, all returns must be shipped to Apex Tool Group Pty Ltd Alexandria NSW, freight prepaid.

All returned products must have been purchased within the last 6 months prior to return and be of current design and finish, in current production, and must be in a resaleable condition upon receipt at Apex Tool Group Pty Ltd Alexandria NSW. Any returned products which are not in a resaleable condition will not be accepted and the distributor will be notified for disposition.

Returns will not be allowed for special made to order items.

Individually packed items must be in the original factory-sealed package when returned.

Limited Lifetime Guarantee

Apex warrants to each original customer of products sold by Apex that such products (excluding the product categories set forth below) are, at the time of delivery to the customer, free of material and workmanship defects, provided that no warranty is made with respect to: (a) any product which has been modified, disassembled and/or reassembled or altered in any way or improperly installed; (b) any product which has, in Apex's judgment, been subject to negligence, misuse, abuse, accident, improper storage or damage during shipment; (c) any product which has not been operated and maintained in accordance

with normal practice and in conformity with recommendations and published specifications of Apex; and (d) any products which have been serviced or repaired by anyone other than an authorized repair center of Apex or modified by anyone other than Apex. Normal wear and tear is also excluded.

Product Exceptions to the Standard Limited Lifetime Warranty:

- Tool Boxes, Standard Chucks and Accessories, Bits, Bit Sockets, Torque Products. Soldering and De-Soldering Products are warranted only for one (1) year from date of Buyer acceptance. Tool trolleys and tool chests are not designed to be used on vehicles (trucks, utes etc.) and doing so renders the warranty void.
- Weller products are warranted as follows:
 - Butane gas powered products - 1 year
 - Electric soldering irons and stations - 1 to 2 years.
- Accuracy standards for calibration on Torque Products are warranted for 90 days from date of buyer acceptance. Torque Product components are subject to normal wear through use and replacement thereof is the responsibility of the Customer.
- Laser levels are warranted for a period of either 2 or 5 years, depending on the product. Please refer to the user manual or customer service for specifics.

Product meeting warranty criteria will be repaired or replaced subject to Apex's sole discretion.

These warranties set forth herein are the sole warranties applicable to Products and is in lieu of all other warranties, whether express, implied or statutory. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. The implied warranties of merchantability and fitness for a particular purpose are specifically excluded.

Remedies: Customer's sole and exclusive remedy for breach of this Warranty is, at the option of Apex, repair or replacement of the defective product.

Claims should be returned, with proof of purchase, to the place of purchase or returned prepaid to the address below. Repaired or replacement goods will be returned at our cost.
